Network18 is unique. We are an Indian media Company with strong roots and a partner of choice for multiple international content powerhouses. Our portfolio of offerings include both news and entertainment, delivered through a multitude of brands that are as relevant and relatable as they are eclectic and aspirational. We have an unparalleled presence across India, and are known to deliver the widest variety of information and immersion; in languages that reflect India's diversity, and mediums that span the full spectrum – hyper-growth (Digital), mainstay (Television) and mature (Print).

CREATING EXPERIENCES

It is as rewarding as it is difficult to understand the pulse of a country as vast and dynamic as India. We strive to have our ear to the heart of India, and that of Indian diaspora across the globe. Guided by this bond with our consumers, we are able to create stories, characters, conversations, debates and dialogues to enthrall every kind of audience.

In a world of exploding media choices and technologies, we deliver our content across platforms, screens and devices. With this, we are able to reach our audiences everywhere – from the 70-inch TV in one's living room to the 5-inch smartphone in one's palm.

CHAIRMAN'S MESSAGE TO SHAREHOLDERS

Dear Shareholders,

FY 2018-19 has been a year of unprecedented change for the TV and Digital media industry. Amidst a new regulatory regime in broadcasting, rising competitive intensity in digital and an ad-environment that ebbed and flowed, we are happy to have emerged stronger and having reinforced our consumer connect. A strong and pipe-agnostic content strategy, innovations in programming formats, and a focus on building robust platforms have been the keys to our success. We have continued to enhance our reputation as the premier multi-platform destination for objective, cutting-edge news and entertainment that pushes the envelope.

We reach 800 million Indians today through our 55 domestic TV channels, making 1 in 2 Indians a consumer of our broadcast content. Our digital properties reach 130 million Indians, implying that 1 in 4 internet users in India are on our websites or apps. The year gone by was defined by regional content consumption and monetisation across news, entertainment and digital. Our portfolio of channels and digital properties reaches consumers in 15 languages across 26 states. Building on our position as India's top media house with unparalleled reach, we touch lives of Indians across geographies and genres every day, speaking to them in their own language.

We are the No. 1 news broadcaster by a wide margin. Our entertainment portfolio is the youngest and fastest growing amongst peers, and is the No. 3 pan-India entertainment network. In addition to TV broadcasting, it includes a film studio renowned for clutter-free cinema (a peerless example is the film "Andhadhun") and leading OTT platform VOOT. Our digital news offering under the News18 umbrella is now available in 12 languages and is India's largest multi-language news destination. Flagship business and finance app MoneyControl is today ranked as Asia's No. 1. A key achievement has been our foray into subscription and transaction models in our flagship digital properties, aimed at embracing change and accelerating growth.

We remain committed to invest across segments and stitch partnerships across the media value-chain, so as to ring-fence growth and leadership, derive synergies of scale and cost, and improve profitability in the medium-term.

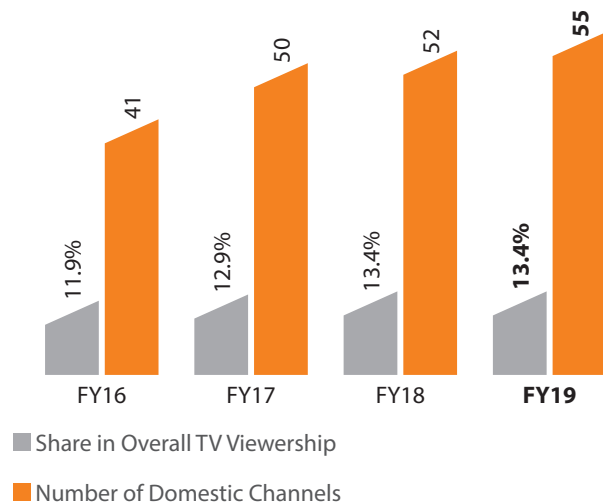

Regards,
Adil Zainulbhai
Chairman

FIRSTPOST.

Firstpost, the flagship digital-only newsroom, has a carefully curated collection of original reportage, opinion and analysis, covering political, economic, and sociological and cultural perspectives.

News18.com is No. 3 in the general news category, having garnered a double digit growth, during the last year.

Video On Demand

voot

VOOT is the second-largest Indian VOD (Video on Demand) platform, hosting over 60,000 hours of catch-up and value-added content from Viacom18's library. It is leveraging smartphone penetration, increasing geographical coverage of high-speed data and reducing data cost by capturing the digital landscape and offering innovative content on new-age platform.

- Surpassed 100 billion minutes of watch-time and gross downloads of 132 million
- Gained more than 45 million Monthly Active Users (MAUs)
- More than 85% of content consumption comes from mobile devices

THE YEAR OF VERNACULAR

We are spread from India to Bharat – and cover issues and content sensibilities that range from national to regional to hyperlocal. Our wide portfolio of regional channels in more than 15 languages cater to over 600 million vernacular viewers across India.

The year was defined by regional content consumption in broadcasting and digital; straddling across news, entertainment and movies. Advertising spend in regional channels too has been rising.

Entertainment

After the entry into Tamil with Colors Tamil late last fiscal, we further deepened our presence in regional entertainment with the launch of Colors Kannada Cinema. This regional movie channel complements our leading GECs in Karnataka. The channel opened well with 70 million gross viewership and became the No. 2 Movie Channel in the second week of launch.

News

The regional TV news cluster has the highest reach and viewership in India, with 540 million viewers tuning into the network and a 6% share of news viewership. News18 Rajasthan and News18 Uttar Pradesh maintained No. 1 and No. 2 rank in the respective regions.

News18.com languages portfolio grew steadily and traffic more than doubled.

Movies

- Leveraging growth opportunities in regional movies with Apla Manus, Cycle, Ani... Dr Kashinath Ghanekar and Bhai.
- Devadas has been our first feature film in Telugu. We also completed our first Malayalam film, while two movies are in progress in Gujarati and Bangla.

DRIVEN BY ACCESSIBILITY, AVAILABILITY AND AFFORDABILITY

Under the New Tariff Order, we aim to be the go-to network that best caters to content needs across demographics and geographies. With our “consumer first” strategy, we enable viewers to pay only for what they watch through our economic and competitive bouquets. Our carefully curated packs bring the best value-for-money for an Indian household.

The new tariff regime is a transparent and consumer-focused regulation that gives freedom and choice to the end-user. It is a pioneering move that aims to increase transparency across the broadcast value chain. It empowers consumers to select channels of their choice and improves transparency across the broadcast ecosystem. The regulation is expected to turn the broadcaster model from B2B to B2C, thereby improving yields for broadcasters with a strong content proposition.

COMPANY OVERVIEW

Network18 Media & Investments Limited is India's most diversified Media & Entertainment conglomerates with interests across television, digital content, filmed entertainment, e-commerce, print and allied businesses.

'TV18 Broadcast Limited', a subsidiary of Network18, manages its primary business of broadcasting. It runs the largest news network in India which spans across business news (4 channels with market leadership), general news (1 each in English and Hindi) and regional news (14 channels across India, including joint venture News18-Lokmat). Marquee brands CNBC-TV18 and CNN-News18 are part of this bouquet.

TV18's entertainment subsidiary Viacom18 (a joint venture with Viacom Inc.) operates an array of entertainment channels. The entertainment portfolio comprises Hindi general entertainment channels, English entertainment, movies, youth and musical entertainment, kids genre and regional entertainment channels. This includes leading brands such as Colors, MTV and Nickelodeon. The Group has a presence in the movies business too, through Viacom18 Motion Pictures. TV18's Infotainment subsidiary AETN18 (a joint venture with A+E Networks) operates factual entertainment and lifestyle channels History TV18 and FYI TV18, respectively. TV18 and Viacom18 have formed Indiacast, a multi-platform content asset monetisation JV.

India continued to be the world's fastest growing major economy in FY 2018-19.

In the publishing space, Network18 has a market presence through niche and special interest magazines, Forbes India, Overdrive, Better Photography and Better Interiors.

Network18 also has a digital content business spanning websites and mobile applications, covering general and business news, entertainment, technology and sports. This includes well-known platforms such as MoneyControl, News18, CNBCTV18.com, CricketNext and Firstpost, a digital newsroom powered by expert writer-editors across the country and the globe. Viacom18 also operates VOOT, an OTT (Over the Top) distribution platform offering Video On-Demand.

Network18 also is the largest shareholder in BookMyShow, India's largest Online Entertainment Ticketing Platform.

INDIAN ECONOMY

India continued to be the world's fastest-growing major economy. After touching a high of 8% in the first quarter of FY 2018-19, GDP growth fell steadily in the

second and third quarter to 7% and 6.6%, respectively¹. The declining rates were triggered by a slowdown in both private and public expenditure, manufacturing and agriculture. Although household spending, government consumption and inventories fell, there was a marginal pick-up in capital formation and some improvement on the external trade front.

In its World Economic Outlook (April 2019 update)², the IMF suggested that India's growth is expected to pick up to 7.3% in 2019 and 7.5% in 2020 on the back of a sustained recovery in investment and strong consumption, triggered by a more expansionary monetary policy stance and some impetus expected in the fiscal space as well.

INDIAN MEDIA & ENTERTAINMENT

Industry overview

Despite falling quarterly economic growth, the Media & Entertainment (M&E) industry grew by a strong 13.4% in 2018, more than the nominal GDP, to reach ₹ 1.67 trillion (US\$ 23.9 billion), according

to the 'FICCI-EY - 2019 report, A Billion Screens of Opportunity'. With its current trajectory, the sector is expected to cross ₹ 2.35 trillion (US\$ 33.6 billion) by 2021, at a CAGR of 11.6%.

Akin to 2017, all segments of the M&E industry posted growth, with digital media in the lead (only surpassed by the nascent, niche sub-segment of online gaming). While television retained its position as the largest segment, digital media grew sharply by 41.9%, while print, once again, grew the slowest at a negligible 0.7%. In terms of size, however, television and print continued to top the list, followed by filmed entertainment and digital media.

Within this milieu, advertising outpaced subscription in terms of growth rate and volume, demonstrating that it was finally over the transitory effects of demonetisation and the implementation of the Goods & Services Tax (GST). Digital advertising led growth with a 34% increase over 2017, while television advertising stayed steady with 14% growth, driven by sporting events, state elections, and growth in regional advertising. Growth in subscription was largely on account of international film exhibition revenues, the digitisation of DAS-III and IV television markets and digital streaming on Over-the-top (OTT) video platforms. Among some of the interesting trends that emerged during the year, media buyers began shifting budgets to segments with more Direct to Consumer (D2C) capabilities. On the other hand, Small and Medium Enterprises (SMEs) diverted advertising spends towards digital platforms from the traditional channels of yellow pages, local print, Out-of-home (OOH) and radio. Further, there was a spike in digital subscription and in the demand for original digital content over 2017. And most interestingly, Indian content was much appreciated on global platforms.

Growth Drivers

Expansion of the Digital Content Universe
According to a report by KPMG –

‘#IndiaTrends2018: Trends Shaping Digital India’, the predominant medium of digital content consumption will continue to be the mobile phone, especially for the media and gaming entertainment segments. This medium will generate significant avenues for consumer outreach and engagement. The report revealed that as around 95% of Indian homes have a single TV, consumers are driven towards mobile consumption. This trend will drive the OTT market to potentially reach 100 million monthly OTT users by 2020³.

The increasing demand for content by OTT platforms is already apparent, as is the trend towards localisation strategies to engage audiences further. Consequently, in 2018, the demand for original digital content increased by around 1,200 hours, leading to a rise in cost of content creation⁴.

Explosion of regional digital content

A study by KPMG in India and Google (April 2017) ‘Indian Languages – Defining India’s Internet’ suggests that languages are expected to take centre stage in digital consumption in the years to come with 521 million Hindi language speakers currently and approximately 500 million other Indian language speakers compared to English speakers at 124 million. Indic

language internet users are expected to be 75% of India’s internet user base by 2021. Digital news is expected to be consumed by 284 million Indian consumers by 2021. It also expected the General Elections in India to drive news consumption to an all-time high, which was seen happening.

Re-emergence of Advertising spends

The recovery in advertising expenditure was driven by two primary factors. On the one hand, advertisers have recovered from the transient impacts of demonetisation and the shift to GST, which caused a temporary slack in their momentum. At another level, there is a fresh realisation that personalised and targeted communications are possible due to the gaining popularity in online video and paid searches. As a result, advertisers have begun to consider using online video and television to make a greater impact; while television offers a wider reach, online video enables better targeting and scope to optimise frequency. Interestingly, there was also a clear shift towards performance-led advertising spends, as opposed to just brand building. Advertisers are also showing growing interest in audiences that visit platforms

for content and can get drawn away to e-commerce platforms when interested in purchasing. This emerging trend is expected to attract innovative advertising strategies, and therefore, flexible budgets.

Subscription gains acceptance amongst consumers

A World Administrative Radio Conference (WARC) report, 'Trend Snapshot, Media in the subscription economy', observed that there is a growing willingness in consumers to pay for digital content services. This is apparent from the expanding subscriptions to OTT services like Netflix and music-streaming services like Spotify. In India, the number of users who paid for any online content (not including content consumed through bundled telco offerings) almost doubled from 7.5 million in 2017 to 12-15 million in 2018. Reflecting this trend, the digital subscription market grew 262% during this period to touch ₹ 14.2 billion. Telco bundling offerings, however, continued to be significant, accounting for an estimated 60% of consumption.

The world watches India

Beyond the regular demand for Indian content from the great Indian diaspora, during 2018 it was

appreciated by the non-diaspora audience too. Consequently, global digital platforms have begun to buy more Indian content. This has opened up a huge new opportunity for domestic content creators to showcase their skills and produce and garner greater revenues.

Fund inflows spur industry infrastructure

There has been greater liberalisation in

FDI norms for the telecom sector since 2013, and the media & entertainment industry since 2015 and 2016. In June 2016, 100% FDI through the automatic route was allowed in teleports, DTH, cable networks, mobile TV, headend-in-the-sky broadcasting service and cable networks. This resulted in a volatile, but upward trend in FDI inflows into the information and broadcasting sector.

Media gains traction from thought-provoking and life-impacting events

In recent times, due to the reach of social media and increasing conversations around events that impact the social-political-economic fabric of the country, the media has played a role in conveying perspectives too. Events and movements such as #Metoo, #BalakotStrikes, #Elections2019, and others have played a role in driving content consumption in the news space. In fact, a large part of FY 2018-19 was spent in preparedness for the elections. The trend of covering such social-political-economic events and movements appears to be here to stay.

OUTLOOK FOR THE MEDIA INDUSTRY

The world has recognised the fact that India offers a huge market which is extremely diverse and spans across virtually every type of media. Despite the current vibrancy and strong progress, the growth story is far from peaking. Advertising spends as a percentage of GDP in India are still relatively low. Further, the uptick in wireless broadband connectivity and infrastructure seen alongside the country's predominantly young demographics presents a vast new opportunity.

According to a PWC report, 'Global Entertainment & Media Outlook 2018-2022', the Media and Entertainment industry in India is expected to grow at a CAGR of 11.6% between 2018 and 2022 to reach ₹ 3.5 trillion. Some encouraging trends that supported the growth of this industry were the rise in device penetration, falling Internet prices, increasing demand for content and preferences for portability.

THE INDIAN TELEVISION INDUSTRY Overview

The Indian TV industry grew 12% (gross of taxes) to ₹ 740 billion in 2018, according to the FICCI-Frames 2019 report. TV advertising revenues grew by 14% to reach ₹ 305 billion, while subscription revenues grew 11% to ₹ 435 billion. However, the implementation of the New Tariff Order (NTO) by the regulator Telecom Regulatory Authority of India (TRAI) in Q4 FY 2018-19 dragged the fiscal year's growth, as advertisers pulled back spends due to flux around implementation issues in the distribution value-chain. The NTO allows consumers to choose the channels they would wish to watch and pay for only those channels they subscribe to, which is a major change in the broadcasting business model prevalent in India.

In terms of viewership, the average time spent on watching television increased to 3 hours 46 minutes per day. This amounted to an all-time high total of around one trillion man minutes.

Trends in the TV industry

The television industry is gaining importance as a medium of impact with 2/3rd of Indian households now owning TVs, as per Broadcast Audience Research Council (BARC)'s latest Broadcast India survey. Of these television connects, 88% were digital in 2018, up from 72.6% in 2016. This digitisation of channels increased the width of consumption, as reflected in a rise in the number of unique channels viewed by a household in a day. It went up from 12 pre-digitisation (2017) to 15 post-digitisation (2018).

Advertising

Data from TAM Media Research's AdEX India reveals that in 2018, TV attracted

10,962 advertisers and covered 16,857 brands. Of these, around 50% (5,382 advertisers) were not on print or radio. Further, advertising insertions increased by 15% in 2018, while advertising revenues grew 14%.

Rural areas in focus

Interestingly, regional advertising outpaced national advertising growth. This was largely due to the fact that national brands began to spend more on non-metro markets to salvage growth. This was particularly after GST created a level-playing field between national and regional brands.

Broadcasters offering TV+Digital ad-solutions

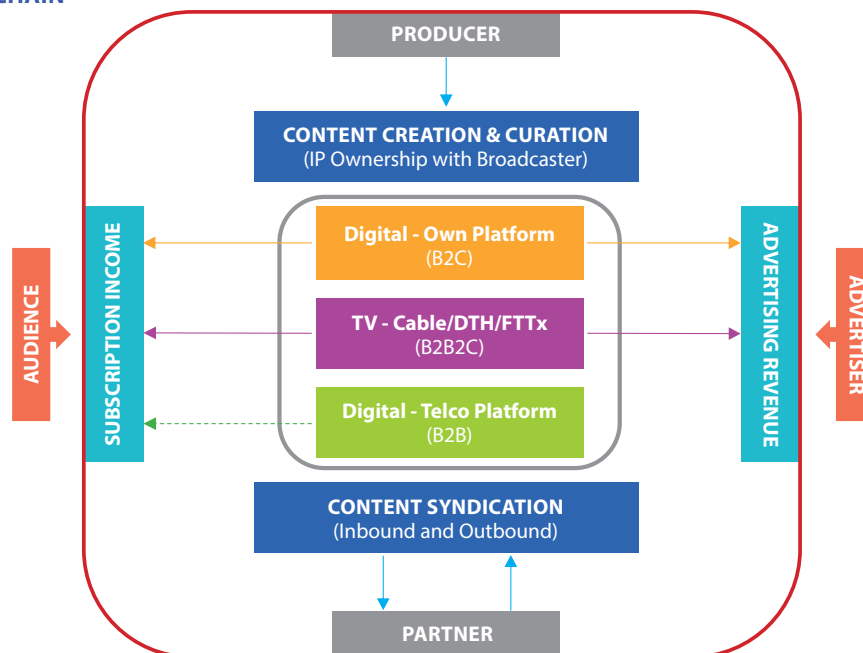

In order to seek better monetisation of marquee properties, broadcasters began offering combinations of advertising across OTT and linear TV platforms. It also enabled increased utilisation of digital inventory. By customising their offerings, they enabled advertisers to display separate messaging to segmented audiences.

Distribution

With the electrification drive in the states of Bihar and Jharkhand, the growth in television households was the highest in these States at 24%, followed by Assam, Sikkim and North East at 21%.

Additionally, there has been an increase in multiple TV homes in 2018 to 4 million households. In the lead, in terms of the highest incidence of multiple TV homes are UP / Uttarakhand, Delhi, West Bengal, Haryana, Himachal Pradesh, Jammu and Kashmir and Punjab and Chandigarh.

ARPU increases in DAS III and IV

The digitisation drive has also impacted the world of TV distribution positively. By 2018, India achieved 88% digitisation in TV viewing households. According to BARC, 31% of TV viewing households had paid Direct-to-home (DTH), 13% had free DTH and 44% had digital cable. This number indicates a 15% growth over 2016 and has contributed significantly to the growth in end-subscriber pricing.

Side by side, there have been changes in the subscriber mix, which have affected DTH Average Revenue Per User (ARPU). There have been a number of incremental subscribers at lower price points, while some have moved to lower value regional packs.

As a result, while the ARPU for Digital Addressable Cable TV Systems (DAS) I and DAS II for 2018 remained within the same band as 2017, digitisation led to an increase in collections from end-users in DAS-III and DAS-IV markets, with many cities crossing the ₹ 200 per month threshold.

Quest for quality viewing

With the rise in aspirational viewing, there is a strong and growing preference for High Definition (HD) channels. In response, the number of HD channels grew from 78 in 2017 to 92 in 2018, marking a growth of 18%. This was well received and reflected in the fact that HD viewership grew 57% in 2018 to reach 874,000 impressions, according to the Broadcast India Survey.

At another level, there has been a shift in the use of high-end television sets. The number of LED / LCD / Plasma television sets grew from 14% in 2017 to 21% in 2018. In addition, the sale of Smart TV sets crossed 10 million, though as few as 10% of them could be connected.

Price sensitive customers step up

The FICCI-EY report revealed that price-sensitive customers had begun to adopt both a Free Dish box as well as a paid TV service. This exercise of discretion and leveraging of flexibility offered by distributors and Distribution Platform Operators (DPOs) was typically activated during holidays and during times when there were large sporting events.

Broadcasters get a larger piece of the pie

The share of subscription revenues for broadcasters increased to around 25% of the total ground collections at ₹ 110 billion. With subscriber migration from the old tariff regime to the new tariff order, the share of broadcasters, especially from cable subscribers, is expected to increase significantly.

Content

Consumption trends

Content from the 'Films and Entertainment' genres, broadly categorised as escapism, has been predominantly in demand in 2018. Over half of the total content consumed (53%) was in the form of general entertainment, while an additional 24% was films. Despite 43% of TV channels in India being classified as news channels, news viewership remained at 7%.

Regional channels drove an overall growth of 13% in viewership. While Hindi content consumption clocked a 15% increase, the highest growth of 34% was recorded by Oriya, followed by Assamese (26%), Marathi (25%), Bhojpuri (22%) and Urdu (20%).

There was also a shift in sports viewership in proportion terms. While cricket still commanded a robust 19% of sports viewership in 2018, according to BARC data, wrestling took the number 1 position with a share of 20%. Kabaddi and Volleyball made it to the top five, with shares of 17% and 6%, respectively.

Growing penchant for the second screen

There has been a growing preference for second screen interactivity through laptops, tablets, smartphones and handheld gaming units. Sensing this, large TV broadcasters began to implement second screen interactivity for premium properties with great success. Beyond delivering viewer stickiness and an increase in viewership to broadcasters, these consumer engagement initiatives rewarded players all along the value chain. OTT platforms witnessed an increase in app downloads and subscription numbers, while advertisers were able to leverage innovative ways to engage with customers and increase sampling.

TRAI's New Tariff Order

The New Tariff Order (NTO) has implemented amendments to various aspects of the distribution of content. This has been initiated to create an ecosystem that is fair to viewers and suitably remunerative to all players along the value chain. This included revenues related to the cost of providing services and carrying content, Inter-connect agreements

between DPOs and broadcasters, and between Local Cable Operator (LCO) and Multiple System Operator (MSO), and last but not the least, channel pricing and offerings. By setting caps on fees and charges, declaring sharing ratios, MRPs and minimum receipts, it has laid out clear guidelines to pre-empt future disputes and breaches of faith. This could go a long way towards facilitating growth, transparency and impartiality, and eventually benefit consumers, broadcasters and those in between.

Conclusion

With new regulations in place and successful implementation of digitisation of Television, the M&E industry now rests on a stronger base, which will support future growth. At the same time, an unfolding of demand for various types of content across geographies, including international viewers, will drive the industry to create and package more content, more innovatively. With the help of data and analytics, advertisers and distributors can also hope to make more informed choices and monetise these choices better.

Strategic advantages and competitive strength

Network18 is RIL's flagship investment into the media and entertainment sector. It is one of the most diversified media conglomerates in the country, with footprints across television broadcasting, movie production and distribution, digital content and commerce, print magazines, mobile content and allied media services.

- Network18's television channels reach out to 800+ million people in India, representing 95%+ of the TV viewing universe. This makes more than 1 in every 2 Indians a consumer of our broadcast content.
- Subsidiary TV18 has cemented its #1 position amongst News networks in India. Its 20 domestic channels span 15 languages, providing a solid leadership in reach. With a 10.6%

share of news viewership in FY 2018-19, TV18 maintains its leadership even versus to legacy brands and free-to-air networks.

- Subsidiary Viacom18 (a JV with Viacom Inc) is the youngest and fastest growing premium entertainment network in India. It is the #3 pan-India entertainment broadcaster (ex-sports), with an 11.1% viewership share in FY 2018-19. Apart from TV broadcasting, its full-portfolio-offering includes a film studio renowned for clutter-breaking cinema and a leading OTT platform.
- Network18's digital content properties across news and entertainment are now used by over 130 million people; and one in every four internet users in India is on Network18 websites or apps.

Network18's operating model puts the audience at the centre, and is driven by its zeal to provide consumers with best-in-class media and entertainment products and content that establish new benchmarks in creative excellence, fair journalism and audience engagement.

Operating Strategy

PILLAR

1

CHANNEL-AGNOSTIC APPROACH

Network18 strives to be channel-agnostic to ensure its content reaches seamlessly to consumers through their platform of choice. This approach is increasingly relevant considering the advent of digital entertainment and the splintering of platforms.

PILLAR

2

REACH FOR IMPACT

Network18 is future-ready with its relentless focus on the identified axes of growth: regional content and digital delivery. This two-pronged approach enables the Company to reach its audiences regardless of geography, language or demography.

PILLAR

3

THOUGHT LEADERSHIP

Network18 is steered by a professional and experienced team that helps it to consistently strive to host thought leadership on-air, online and on-ground. It is driving leadership not only through consumption numbers, but also by facilitating the development of new ideas and emerging thought processes.

PILLAR

4

NETWORK SYNERGY

Network18 comprises leading television channels, digital and mobile properties and publications in all key media genres. This facilitates cross-promotion and cross-pollination of content and expertise across its network, enabling enhanced advertising and subscription revenue generation.

5

STRATEGIC COLLABORATIONS

Network18 has a track record of building successful strategic alliances with international media companies such as Viacom in entertainment, CNN in English general news and CNBC in business news, A+E Networks in factual entertainment and Forbes in the business magazine genre.

PILLAR

6

BRAND EXCELLENCE

At Network18, the focus is on driving the highest standards of creative excellence by fostering a culture of innovation to build new content formats across platforms, thereby creating strong brands across diverse media.

STRATEGIC INITIATIVES UNDERTAKEN

Network18 has been striving to improve its portfolio as well as enhance its outreach, to realise economies of scale and attain leadership. Substantial investments continue to be made to create a compelling proposition for viewers.

Free-to-air (FTA) channels, Rishtey and Cineplex, were taken to the pay ecosystem and rebranded as Colors Rishtey and Colors Cineplex respectively, establishing the channels as premium urban entertainment destinations. The Colors Cineplex library is being beefed up, to function as a full-fledged pay movie channel. In the case of Colors Rishtey, it is likely to allow for an overall increase in monetisation in the long-run, and slots-in better with industry dynamics in the new tariff regime.

Cricket portal CricketNext (#3 portal in India) was relaunched with a dedicated app. During the last few months, CricketNext has built on this momentum with its coverage of the IPL and World Cup.

News18 Languages portfolio has steadily grown its spread across Indic languages, with content in Hindi, Marathi, Bangla, Gujarati, Kannada, Tamil, Malayalam, Telugu, Punjabi, Urdu and Assamese (Malayalam was launched in May 2018 and Telugu went live in August 2018). Unique Users on languages grew 118% (Dec-18), with more than 96% of our Users coming through their Mobile Phones.

Entertainment portal IN.com was relaunched in Aug' 18. It will be India's premiere destination with opinionated content around celebrities. Largely aimed at millennials, the language and content will be fresh and young.

There have been realignments in corporate structure for group simplification. The scheme of arrangement for the merger by absorption of wholly-owned direct and indirect subsidiaries of Network18 and TV18 with the respective parent has been approved by the National Company Law Tribunal (Mumbai bench). The scheme has become effective from 1st November 2018, the appointed date being 1st April 2016.

Innovation

In April 2018, Network18 launched MC Pro – Paid app with Premium and Ad free content. Further, MoneyControl also launched MC Transact during the year, for enabling investments (into mutual funds at present). Both these innovations are aimed at deepening engagement with and improving monetisation of existing MoneyControl users.

VOOT's product proposition has been bolstered through making news channel content available on it too. Additionally, the platform is making rapid strides towards a pay model too, with the first international launch in the UK through a partnership with Virgin mobile.

Viacom18 studios announced its digital content arm Tipping Point in May 2018. The intention was to create short-form content for Digital (especially for VOOT) by utilising the strengths of the movie studio; thereby creating high-value content in-house, amidst the current high-competition war for content.

News18 India's rank in prime-time in megacities for 6 consecutive weeks

The channel also covered all major events from the world of sports, including the FIFA World Cup 2018 and the 17th Asia Cup, to name a few.

The year ended for the channel with another edition of 'The Bollywood Roundtables', hosted by the renowned critic Rajeev Masand. The show featured India's finest actors, actresses, newcomers and directors.

News18 India

This year, News18 India became the No. 2 General Hindi News channel⁹. It also holds No. 1 position in Indian urban prime time.

During the State Elections, it aired in-depth coverage of Rajasthan, Madhya Pradesh, Chhattisgarh & Karnataka elections through 'Sabse Bada Dangal'.

The channel undertook several investigative stories, which exposed crimes, which turned out to be the eye-openers.

Additionally, News18 India also added new shows to its line-up. These included Desh Ko Jawab Do, a weekend debate show that witnesses a face-off between two of the biggest newsmakers on the top issues of the week. Similarly, other new shows included were Akhada, Ye Desh Hai Hamara and Lunchbox. Apart from this, the channel extensively covered various big stories that broke through the year, such as the Kerala Floods and Chennai

water crisis, the Balakot Surgical Strike and Pulwama Attack, etc. There were also major interviews with top politicians like Amit Shah, Rahul Gandhi, Yogi Adityanath and Rajnath Singh, amongst others.

Regional News**NEWS 18
NETWORK**

News18 continues to be the largest regional news network in India, reaching an audience of 540 million across the country. The viewership share of the News18 Regional news network (as a percentage of overall TV News viewership)

has also grown to 6%¹⁰. 5 out of the 6 Hindi Regional News channels are in the top 2 ranks.

During the year, Network18 hosted one of the biggest thought leadership events - 'News18 Rising India Summit', which was graced by the Prime Minister of India. The series of "Rising" events in different states is another milestone for the News18 Network.

It was an eventful year in terms of coverage of the elections, education and health-related events. Apart from this, the channels also focussed on covering state-wise regional niche events such as local festivals, movements etc. to improve audience connect. Few of the events included Panchayat Polls, Ratha Yatra, Food Festivals, Real Estate Expo, Winter Carnival, Education summits, etc. However, unaltered election reporting has been the forte of News18 regional channels.

In the recent elections, both News18 Rajasthan¹¹ & News18 MP and Chhattisgarh were leading the genre in their respective states¹². News18 Punjab, Haryana and Himachal have seen a dramatic upward swing in terms of market share – from a low of 4.4% to 14%¹³. Moreover, News18 is the only pan-India player with a presence in the South. This is backed by strong editorial and distribution footprints of the channels which comprise over 1,200 reporters, who strive to be the first to bring all the important news to their viewers.

Colors Rishtey is Viacom18's second Hindi mass entertainment offering in India. Targeting the rural Hindi speaking markets, Colors Rishtey is the No. 4 FTA Hindi General entertainment channel²². It features the choicest shows from the existing Colors content library – both fiction and non-fiction.

Colors Cineplex

Colors Cineplex is a premium Hindi Movie Pay Channel re-launched on 1st March 2019 and is available on major Cable and DTH platforms. Colors Cineplex, in its earlier avatar, was available on DD Freedish along with leading DTH and Cable platforms. It was the 3rd ranked Hindi Movie Channel during the period April 2018 to January 2019 in the Hindi speaking market (HSM). Colors Cineplex was the 2nd top ranked Hindi Movie Channel in HSM-Rural in the similar mentioned period (April 2018 to January 2019). Colors Cineplex was the #1 Hindi Movie Channel 8 times in the HSM market for the period Week 50, 2018 to Week 5, 2019 (except for Week 51, 2018).

Youth & Music

MTV India

MTV is an iconic and multi award-winning youth brand that is irreverent, fun, innovative, passionate and optimistic, encouraging and inclusive. It garnered 300 million viewers across India in 2018²³. The channel had several successful shows during the year, such as 'Splitvilla X1', 'Roadies Real Heroes' and 'India's Next

Top Model S4', all of which registered increased viewership since their past season. While the channel owns a highly successful original IP 'MTV Roadies', which was launched in 2004 and has its 16th season ongoing, MTV continues to be the leader in introducing new formats in India, with the launch of Elevator Pitch (India's first speed dating show) and Dating In The Dark (India's first blind dating show). The new captive reality show, Ace of Space, was also a huge success. Furthermore, MTV built on its legacy of music, with 8 years of MTV Unplugged, and introduced an array of differentiated youth content through strategic partnerships with the BRAVE series, Bollywood Music Project and India Music Summit-2. MTV is also one of the biggest youth brands on social media and has been the pioneer of 'Branded Content' today. MTV has successfully created impactful and award-winning content and platforms for clients such as AirBnb, Havells, HP, Nestle and Renault, among others.

MTV Beats

MTV Beats was launched in September 2016 as a 24x7 Bollywood Music channel with unique daily thematic play-listing. The channel has garnered an audience reach of 470 million plus in 2018²⁴ and has grown its viewership by 27%²⁵. Music programming has been bolstered on the channel with the launch of celebrity lead properties, such as Swag On with Raftaar, Secret Side with Akasa and Dil Beats. Content like Baba Ki Chowki, which reached over 175 million viewers across TV and Digital this year²⁶, further adds diversity to the channel programming.

MTV Beats has garnered an audience reach of 470 million plus in 2018.

COMEDY CENTRAL

Comedy Central

Comedy Central celebrated its 6th anniversary in 2018 with a FRIENDS Ultra-Marathon (FUM). It aired all 10 seasons of the popular "Friends" show back-to-back over a period of 5 days. This created a rating record in the genre, with Comedy Central getting 763 TVTs during this time. This was higher than the weekly cumulative ratings of all its competitors added together. The FUM promo organically reached over 1 million views on Facebook alone. 2018 also marked the premiere of 2 of the biggest sitcoms, '2 Broke Girls' and 'Two and a Half Men' on its channel. In October, the channel launched

a brand new prime-time with the premiere of "Two and a Half Men" and some of the best-unscripted shows (Impractical Jokers, Whose Line Is It Anyway?, Penn & Teller: Fool Us). Alongside, its 'Watch With The World' block continued to remain strong with the premiere of some of the biggest titles, such as Will & Grace, Young Sheldon, and Brooklyn Nine-Nine, among others. Comedy Central continued to remain a strong No. 1 across the year.

Colors Infinity

Colors Infinity celebrated its 3rd anniversary in 2018 with a 'Big Bang-a-thon' (Marathon of The Big Bang

Theory). This was the first sitcom to be aired on Colors Infinity. The channel also underwent a 'Brand Refresh' and launched a brand new prime-time in October, where it premiered 14 day-and-date shows under its 'Instant Premieres' property. It also introduced 'Infinite Weekends', wherein the channel premiered one full season of a show on the last weekend of every month. The entire season of 'Orange is the New Black - S6' and 'Mozart in the Jungle - S4' were aired at the same time, as its premiere in the US under the 'Live Binge' property.

Regional Entertainment

Colors Kannada

Colors Kannada is the No. 1 Kannada general entertainment channel that succeeded in making TV viewing a complete family experience for Kannadigas. It continues to be amongst the most loved Kannada Channels, a place that the channel has held on to and held close to its heart.

Resonating with the rich culture and diverse customs of the land, Colors Kannada offers content that is tailor-made for the discerning Kannada viewer. The channel is home to finely crafted fictions, like 'Agnisakshi', 'Puttagowri Maduve' and 'Lakshmi Baramma', that are counted as the top-serials in the Kannada market. Not just that, with cutting-edge non-fiction

offerings like 'Super Minute', 'Cinema Gaurava Awards', 'Anubandha Awards', 'Colorful Nayaka and Nayaki' and 'Serial Santhe', Colors Kannada has only grown in strength, year on year. It's a channel that endears itself to its viewers as the Complete Entertainer.

Colors Super

Launched in FY 2016-17, Colors Super, the fastest growing Kannada channel, is Viacom18's second Kannada general entertainment channel. Broadening the entertainment spectrum in Karnataka, Colors Super has something for everyone in the family. From Karnataka's most loved courtroom drama, 'Magalu Janaki', to the funniest family in Kannada, 'Paapa Pandu', the channel has it all. The channel that hosted 'Bigg Boss - Season 05 and 06', has a strong line-up of non-fictions like 'Majaa Bharatha', 'Majaa Talkies' and 'Kannada

Kogile' – to keep viewers entertained, all through the week. With a vibrant bouquet of offerings, Colors Super is steadily carving a niche for itself in the top-tier of the Kannada GEC space.

Colors Kannada Cinema

Colors Kannada Cinema was launched in September 2018, at a grand event that witnessed a never-before "5-day 5-premieres". With a library of over four-hundred films, across genres and spanning generations, Colors Kannada Cinema promised to be a complete entertainer. And it lived up to its promise. It was launched as the #2 Kannada Cinema Channel and is steadily making a name for itself as the go-to channel for clean and quality Kannada Cinema.

Colors Bangla

Colors Bangla has grown by 18% in viewership as against last year and remains one of the top choices for the Bengali entertainment viewer. The channel has successfully created differentiated content which is progressive, yet rooted in Bengali ethos. It caters to consumers with a variety on its platter, like the clutter breaking 'Jahanaara', India's biggest game show - KBC in Bengali, the intriguing 'Nishir Daak' and the visually delectable and entertaining 'Manasha', 'Arabya Rajani' and 'Khonar Bochon'.

रंग मराठी, गंध मराठी

Colors Marathi

Colors Marathi was a strong #2 in the Marathi General Entertainment genre in FY 2018-19. It has been a pioneer in introducing international non-fiction,

such as 'Kon Hoil Marathi Crorepati' and 'Bigg Boss Marathi', to engage the Maharashtrian audiences. The channel, with an engaging line-up of fresh and exciting fiction content, like 'Balumama chya Navane Chaang Bhalu', 'He Mann Baware' and with iconic and innovative non-fiction property like 'Sur Nava Dhyas Nava', continues to delight the audiences across all demographics. The channel continues to offer a variety of content in the form of prestigious and tent-pole events, like 'Filmfare Awards', 'Maharashtra State Awards' and 'Mirchi Music Awards' and has an array of the biggest Marathi blockbusters of the year like 'Ani... Dr Kashinath Ghanekar', 'Thackeray', 'Bhai' and 'Maui'.

Colors Gujarati

Colors Gujarati, the #1 Gujarati channel, continues to be the preferred destination for quality content that reflects the ethos and traditions of Gujarat. Colors Gujarati continues to offer diverse and

differentiated content offerings, like 'Savaaj – Ek Prem Garjana', 'Mahek' and 'Lakshmi Sadaiv Mangalam'. The channel, for the first time, offered a unique dance non-fiction format, 'Naach Mari Saath', which garnered high appreciation amongst the audiences. Colors Gujarati also continues to enthrall the audiences with special content such as the Live telecast of Navratri from Mumbai, Vadodara and Surat. To build its portfolio in the Gujarat market, the channel also launched Colors Gujarati Cinema – the first ever Gujarati movie channel.

Colors Oriya

Colors Oriya continues to engage audiences with a variety of content. Shows such as Lakshmi Pratima, Suna Naki Bohu and Sanja Salita continue to engage viewers on weekdays, while Swarna Khadga provides visual delight on the weekends. Colors Oriya is one of the top 3 choices of viewers in the Oriya entertainment space.

Colors Tamil

Viacom18's latest regional General Entertainment Channel - Colors Tamil turned a year old in February 2019. In the first week of its launch, Colors Tamil featured amongst the Top 5 channels and garnered 100+ GRPs (78 GVM). No other non-Sun Network Channel has crossed the 100 GRP mark within three weeks of its launch in the Tamil Nadu market. Colors Tamil reached an audience of 85 million in the first year of its operation. Channel GVM grew from 67 GVM in Q1 to 86 GVM in Q4 - till week 5, 2019 (28% growth). Colors Tamil is known for its clutter-breaking reality shows, like Enga Veetu Mapillai and Dance Vs Dance, which is distinct from other shows for its production value in the Tamil Nadu market. Colors Tamil is also perceived for its social consciousness and women empowering content through its serials like Sivagami and Perazhagi. Colors Tamil's latest addition to urban romance fiction, 'Thirumanam', is the channel's highest rated show > 1 TVM²⁷.

Kids Entertainment

Nickelodeon

Nickelodeon has been the No. 1 channel in the kids' category since August 2014 and continues to rule supreme. The channel is home to the best and funniest in kids' entertainment, with chart busters 'Motu Patlu' and its newly launched, first of a kind show themed around magic - 'Rudra Boom Chik Boom'. Nickelodeon's thought leadership comes from its pioneering ability to create larger than life and one-of-a-kind properties, such as the Nickelodeon Kids Choice Awards or the specially created, made for TV movies that consistently captivate audiences. Motu

Patlu, a locally produced show, aired on Nickelodeon, is a top show in the kids' category and has become so popular that Google has declared it as the most popular Indian show on TV. The channel has the unique distinction of being able to connect with kids through numerous touchpoints, beyond TV.

Nickelodeon engages with kids throughout the year through innovative campaigns and larger than life gratifications, such as 'Golden Ticket to USA Contest'. In addition to above-the-line, below-the-line, online and experiential campaigns, the franchise also has a school contact programme reaching out to more than 900 schools across the country with the campaign 'Nickelodeon Magic Masti'. As a responsible broadcaster, Nickelodeon has an annual pro-socio campaign, Together for Good, which aims at making kids responsible and positive agents of change in society. For Independence Day, Nickelodeon conveyed a message to the nation to 'Karo Soch Upgrade', where the promo asked hard-hitting questions to adults. This initiative received 1.1 million views.

Sonic

Sonic serves its viewers the right combination of Action and Comedy. The channel boasts of a strong content line-up, featuring shows such as the home-grown hero, 'Shiva', and 'Pakdam Pakdai'. With a continuous focus on reaching out and engaging with kids across the country, Sonic is building awareness and affinity through its 360-degree innovative tent-pole engagements, such as 'Shiva Gizmo Gang Contest'. It also has a School Contact Programme, which reaches out to lakhs of kids through the 'Sonic School is Cool' campaign. Sonic also boasts of a highly interactive online community through www.sonicgang.com, which received 3.3 million page-views, as of February 2019.

Nick Jr.

Nick Jr. is 'the smart place to play' that believes in 'education' and 'entertainment' going hand-in-hand. It is aimed at young parents and pre-schoolers. The channel strengthened its audience engagement through digital and on-ground activations. Its internationally acclaimed shows, such as 'Paw Patrol', 'Peppa Pig' and 'Masha and the Bears', foster motor, memory, math and language development in a child, and have emerged as an integral part of every pre-schooler's life. Nick Jr. has successfully taken these concepts on-ground through several tie-ups, like the 'Bubbledash kids marathon - India's only eco-friendly foam run' and 'The Kid Town Fair' in Mumbai, amongst many more. The Nick Jr. website receives the highest time spent in the pre-school category, which is 2 minutes and 58 seconds per visitor.

Nick HD+

Positioned as a destination of HD content for discerning 2-14 year kids, Nick HD+, the 1st Kids High Definition entertainment channel, was launched in December 2015. It showcases a wide array of content in high definition from the international library of Nickelodeon. There are shows telecast exclusively on Nick HD+, such as 'The Penguins of Madagascar', 'Kung Fu Panda', 'Teenage Mutant Ninja Turtles' and many more. The channel amplifies and promotes this content to kids in urban markets, on occasions like Halloween, Earth Day, and Carnivals at premium malls.

Factual Entertainment and Lifestyle

History TV18

History TV18 delivered a slew of big-ticket local shows in FY 2018-19, across sub-genres from military to humour, which changed the paradigm of factual entertainment in India.

These included 'Special Operations India: Myanmar' and 'Special Operations India: Pathankot' amongst others. At the other end of the spectrum, the channel introduced 'Crazy Wheels', a full-throttle entertaining show, hosted by Raghav Juyal and unveiled a new sub-genre with 'Mumbai: City of Ganesha' and 'Dwarkadhish - Kingdom of Krishna', showcasing India's cultural heritage in a format rarely witnessed in the country.

The channel also featured a new season of 'OMG! Chhattisgarh' and a new franchise, 'OMG! Odisha'. These were tailor-made initiatives created specifically by the tourism departments of the respective states.

While new shows engaged new viewers, HISTORY TV18's regular shows continued to enthral regular audiences. The hugely successful 'OMG! Yeh Mera India' entered its 5th season with more amazing and inspiring stories from across the nation.

FYI TV18

During FY 2018-19, FYI TV18 has grown from strength to strength to cement its position as the No.1 lifestyle channel. Starting off as a channel with content based on key pillars of food, relationships and home, the channel has evolved into a

complete lifestyle destination providing premier content. With over 200 hours of premier content, FYI TV18 continued its thrust on providing differentiated content in lifestyle.

The year also saw the launch of FYI TV18 HD with a suitably executed marketing campaign activated across trade and press. FYI TV18 HD quickly became the No.1 HD lifestyle channel within a week of its launch, upstaging established players.

FYI TV18 continues to expand its digital footprint through continuous engagement on social media by focussing on short form and episodic video formats to drive sampling and reach.

Filmed Entertainment**Viacom18 Motion Pictures**

Viacom18 Motion Pictures Studios offers differentiated and meaningful cinema

to a wide range of audiences. The studio announced its digital content arm - Tipping Point - in May 2018. Manto, one of its finest movies, was India's official entry in the 'Un Certain Regard' Category at Cannes. Mission Impossible – Fallout, distributed in India by its studio, grossed over ₹ 100 crores in India, which in turn became the highest grossing Tom Cruise film in India. Andhadhun, Viacom18 Motion Pictures' major hit last year, became the highest rated 2018 Indian Film on IMDB. Viacom18 Studios successfully forayed into Telugu cinema, with 'Devadas' and into Malayalam cinema with 'Kodathi Samaksham Balan Vakeel'.

Experiential Entertainment Integrated Network Solutions

Integrated Network Solutions (INS), through its live events division - LIVE Viacom18 - and brand solutions division, BE Viacom18, brings a unique and impactful experience to brands through a combination of multi-dimensional marketing platforms.

Live Viacom18 has created and scaled up Live IPs of Viacom18's iconic brands across Music and Comedy. The 6th edition of Vh1 Supersonic, India's premiere multi-genre music festival, with the most diverse curation of international music, was organised by LIVE Viacom18 in February 2019 in Pune, along with three other Vh1 Supersonic concerts across Hyderabad, Delhi and Bengaluru during the same weekend.

Viacom18 has created many documentaries for various Central and State Ministries and also worked on a compilation on 'Vaishnav Jan Toh', launched by the Prime Minister on Republic Day. Further, BE Viacom18 has also innovated a new business model by creating a fiction series on Colors Rishtey, involving Public-Private-Partnership (Ministry, CSR budget of a Corporate and a Media House). This initiative generated profitable revenues through this path-breaking innovation in branded content creation. Overall, it continues to provide a compelling range

Consumer Products

Viacom18 Consumer Products (CP) is a significant player in the licensed merchandise industry. Present across 50+ categories and 90+ licensees and distributed through over 10,000 outlets, the CP business caters to all life stages from pre-schoolers to youth and adults. 2018 was a year when Viacom18 CP strengthened its domination of the pre-school segment at the retail level. It initiated this by stabilising Dora, rapidly scaling up Peppa Pig, launching Masha and the Bear and Paw Patrol. As far as the youth is concerned, Café Roadies and Roadies GYM have been signed up to be launched soon.

Content Asset Monetisation

IndiaCast

IndiaCast is a JV between TV18 and Viacom18, and manages content monetisation for TV18, Viacom18 and other broadcasters with three clear mandates:

- **Domestic:** IndiaCast manages the domestic distribution of the channels from Viacom18, TV18 and Eenadu Television (ETPL) across various platforms such as Cable (digital and analogue), DTH, HITS and IPTV. It also ensures best-in-class availability and reach of all channels by strategically managing key aspects of carriage and placement. IndiaCast has recently signed with Turner for distribution of its channels in India and Nepal.
- **International:** IndiaCast monetises content/programmes for TV18, Viacom18 across territories and platforms. In addition, it also distributes channels of ETPL across territories except the US. With 22 international beams and its content syndication capabilities, IndiaCast has managed to reach the Asian diaspora and international audiences spanning across 145+ countries. With a rich content library of 50,000+ hours across genres, IndiaCast syndicates content from the group in over 35 languages (including Hebrew, Russian, Serbian, Bosnian, Albanian, Macedonian, Kazakh, Swahili, Spanish, and English among others).

- **Digital:** IndiaCast also manages the digital initiatives of the group. It is responsible for linear channel distribution to OTT platforms and telecom operators for mobile consumption.

Network18 Digital

Network18 Digital was born digital and has credibility at its core. It provides content which is honest, unadulterated and respected. This can be reinforced by the fact that audiences take their investment decisions based on information and data provided by MoneyControl, have faith in the opinions provided by Firstpost and derive their information from News18. The newest addition to the bouquet has been IN.com. All this has helped Network18 Digital to be among the top 3 news and information brands in India having an audience share of 25% in the news and information category.

MoneyControl

Currently, MoneyControl attracts over 5 million unique visitors on web and over 16 million unique visitors on mobile browsers. Above and beyond

35

No. of languages that IndiaCast syndicates content from

this, the MoneyControl mobile app occupies a place of pride as the 'numero uno' application amongst its finance/investing peers, with over 4 million unique visitors.

Constant innovations and improvements have led to MoneyControl being the most trusted destination. In April 2018 it launched MC Pro – an ad-free paid app with premium content. It has seen tremendous response with thousands of subscribed users. Besides the above highlights, several initiatives have been undertaken and are being planned across Product, Technology and Editorial capabilities.

NEWS 18

News18

News18 (English)

FY 2018-19 has been the year of brand amplification and audience engagement for News18.com English.

With over 58 million monthly users, News18 English emerged as one of the fastest-growing digital platforms. It started multiple newsletters, catering to readers with different interest. New offerings like book reviews on Instagram, original videos, explainers and data journalism gained significant traction from its fan base amongst the youth.

In addition to the existing Tech and Auto Awards, two new award shows were launched in 2018 — the Reel Awards to recognise story-driven, low-budget cinema and rising talents that are mostly ignored by the popular award shows.

News18 (Regional)

News18 Languages has emerged as a shooting star in the Languages News market. As of today, Languages portfolio has 11 sites in Hindi, Marathi, Bangla, Gujarati, Kannada, Tamil, Malayalam,

Telugu, Punjabi, Urdu and Assamese. While Malayalam was launched in May 2018, Telugu went live in August. News18 Languages draws over 63 million monthly visitors and has grown more than 100% this year with more than 96% of our users coming through their Mobile Phones.

FIRSTPOST.

Firstpost

Since its inception, Firstpost has come a long way to become one of the most sought-after digital newsrooms in the industry. Exploring various forms of curation, opinion writing, long form and short form offerings with insightful analysis and strong commentary, Firstpost is now the one-stop destination for content consumption. Delivering a wide reportage on Current Affairs, Politics, World, Business, Investing, Economy, Ideas, Living, Bollywood and Sports.

Firstpost's unparalleled editorial expertise was exhibited in the extensive and comprehensive coverage of Kerala Floods. Firstpost's premier web show '9 months' also saw a positive response from the audience and reached over 25 million views along with garnering media coverage across leading parental publications. In addition to the numerous laurels received by Firstpost, its tech vertical was recently awarded the Silver Creator Award by YouTube for crossing 1,00,000 subscribers. Given the platform's current trajectory, it will be breaking its own records and touching newer milestones in the years to come.

CNBCTV18.com

CNBCTV18.com was launched in April 2018 by IT minister Ravi Shankar Prasad at the Indian Business Leaders Award 2018 in New Delhi. The platform was conceived to

offer the full power of CNBC-TV18, the No.1 Business News Channel, to its audiences. Since its launch, the platform has grown significantly, delivering on its promise to the audiences of CNBC-TV18 with an array of products such as podcasts, newsletters, digital videos etc. Today, CNBC-TV18 and CNBCTV18.com operate as India's first integrated business newsroom. It also became India's first digital platform to begin operations with launch partners.

CricketNext

CricketNext was one of the pioneers of the online coverage of the game in India. Over the last year, a concerted strategy has been put in place to ensure the platform finds greater resonance among fans. The newly designed CricketNext app launched in November '18 is a significant step in that direction. With several features such as enhanced editorial coverage, an interactive stats search engine, eye-catching visual representation of content, photo galleries, player & team rankings, videos and podcasts. CricketNext also signed on Anil Kumble as its brand ambassador.

CricketNext also built on this momentum with its coverage of the IPL and World Cup. With product enhancements in the pipeline and the introduction of more top end talent on the site, CricketNext will grow from strength to strength.

IN.com

IN.com is the latest offering from Network18 Digital and aspires to be a one-stop destination for celebrity content

from all walks of life. Business tycoons to sports stars, from political heavyweights to film stars, IN.com the youngest offering from the Network18 brings you every shade of celebrity. As India's first-celebrity-focussed website, it expresses itself through content and exclusive stories written in light, informal style. Keeping the consumer at the core, IN.com successfully caters to the millennial readers who are interested in the lives of high-profile individuals, beyond the realm of just pure entertainment.

Digital Commerce

Bookmyshow

During the year, ~21.4 million Bookmyshow apps were installed and the average page views on Bookmyshow (BMS) clocked 3.2 billion per month.

BMS has successfully managed ticketing for prestigious IPL tournament Season 11 and will be managing Season 12 with 4 IPL Teams, namely Rajasthan Royals, Chennai Super Kings, Mumbai Indians and Kolkata Knight Riders, along with all venue accreditation management. It also managed ticketing and operations for Pro Kabaddi League. It was also a ticketing partner for 4 teams namely Bengaluru FC, Chennai FC, NEUFC & ATK Kolkata for the premier football event ISL 2018.

The platform has forayed into theatrical events and has successfully managed 3 seasons of Disney Aladdin at Mumbai and New Delhi during the year, with an average occupancy of ~70%. BMS had also entered into production with the world's largest live entertainment company Cirque Du Soleil and brought their show "Bazaar" to premiere in India. Cirque Du Soleil came to India for the first

time between November '18 and January '19 at Mumbai and Delhi. BMS has got an exceptional response and the shows were run successfully with ~90% of the venue capacity filled in. In October '18, BMS has successfully managed the ticketing and operations for the prestigious Bryan Adams concert in India, a 5-city tour which was held in Ahmedabad, Hyderabad, Mumbai, and Bengaluru & NCR.

Lastly, through its international subsidiaries, BMS was involved in large events around the globe, like concerts of popular artists like Guns & Roses and Charlie Put (Indonesian entity), Ma-Ma Mia (through its Sri Lankan entity), etc., and it co-produced 'King & I' at UK (through its Singapore entity).

Publishing

Forbes India

In FY 2018-19, Forbes India garnered many successful co-partnerships with new brands and businesses, including Inox, Stonex India, Goodera Technologies, Nucleus Software, Mastercard and Philip Lighting Systems. Forbes India has also successfully marketed the potential of the boardroom discussion format.

Forbes India launched two IPs in this year called the Forbes India Tycoons of Tomorrow and the Forbes India Design Awards. This year, it adopted a social media focussed content strategy, wherein video content and visuals stating important facts were uploaded to enhance social media engagement and reach.

Additionally, Forbes India promoted the India Richlist and Celebrity100, 30 under 30, W Power Trailblazers and other special issues on various platforms out of which Richlist and Celebrity100 made it to the top 5 trends on Twitter India.

Overdrive

Overdrive has successfully pivoted to a digital-first stance in the last financial year. At the same time, it has also grown in the experiential events space. During the year, it set a new endurance national record in association with Mercedes-Benz, clocking 2,200km in 24 hours at the Buddh International Circuit, which was officially certified by India Book of Records.

Additionally, multiple improvements were made to Overdrive's digital platforms to enhance performance and traffic, as well as revenue generation opportunities across content integration, syndication and advertising inventory.

Better Photography

Better Photography has further amplified its play in the engagement and experiential events space by conducting multi-genre events, transcending the world of photography and videography. The 8th edition of 'Better Photography' held a contest 'Wedding Photographer of the Year' honoured the best photographers in the field of wedding photography.

It also hosted events such as 'Wildlife Photography Masterclass @ Bandhavgarh' and 'The Wildlife India Forum'.

Better Interiors

Continuing the rekindling of Network18 Publishing portfolio brands, a new website for Better Interiors was launched in a contemporary, mobile-optimised design. This unlocked its potential with encouraging growth witnessed across site traffic and revenue opportunities.

Content Creation & Production

Colosceum

In its 11th year of operations, Colosceum has broken new ground in content creation for television and digital medium as well as forayed into events. During the year, Colosceum has produced several popular TV shows across fiction and non-fiction categories as well as an award-winning short film.

CORPORATE SOCIAL RESPONSIBILITY

Corporate Social Responsibility (CSR) is embedded in Network18's long-term business strategy. Our CSR initiatives help empower and uplift the lives of millions of underprivileged members of society. We endeavour to promote health and education and sports, to encourage the children and youth of the country to aspire for excellence.

Reliance Foundation acts as the funnel through which Network18 Group reaches out to empower people and deepen its social engagements. In the FY 2018-19, the Company focussed on the following initiatives:

- "Young Champs" initiative aimed at providing training to sports persons to promote rural sports, Nationally recognised sports, Paralympic and Olympic sports.
- Dhirubhai Ambani Scholarships programme through which financial assistance for education was provided in over 15 states of the country.
- Health Outreach Programme through which preventive health was promoted by setting up 'Static Medical Units' in Mumbai.

Additionally, as a responsible media company, some socially relevant programmes were also undertaken:

- Network18 has been at the forefront of catalysing change and its strength lies in impactful journalism. Its shows have

questioned the concerned authorities on issues that matter to the general public. So be it 'Where is my home' on CNN-News18 which highlighted how project delays affected lakhs of home buyers, or 'Going Green' focussing on environmental issues, or initiatives like 'Mission Paani' and 'Swasth Immunised India', the group has continuously questioned the status quo.

- As a responsible broadcaster, Nickelodeon has an annual pro socio campaign, Together for Good, which aims at making kids responsible and positive agents of change in society.
- In an industry first, India's fastest growing media and entertainment company Viacom18, has partnered with the world's largest philanthropic organisation, Bill & Melinda Gates Foundation, and development communications specialists, BBC Media Action to create a general entertainment fiction series with an underlying behaviour change message on sanitation.
- CNN-News18 did the chilling expose #ChildSexHighway which uncovered the disturbing secret of child sex trade along the national highway.

FINANCIAL PERFORMANCE

Financial Overview

Network18 continued on its growth trajectory, and invested in key areas to fill whitespaces or ring-fence its position. While the first three quarter of FY 2018-19 were buoyed by the revival in ad-spends and rising traction with viewers across the board, the last quarter dragged due to the new tariff regime for TV channels, and impact of absence of movie 'Padmaavat', Union budget and some Cricket/Live events this year.

HUMAN RESOURCE DEVELOPMENT

There has been a continual focus on attracting and developing quality talent, and aligning them to the company vision and mission while deploying progressive Human Resource policies, systems and processes.

During the course of the fiscal year, given the growth agenda and the intensely competitive landscape, Talent Acquisition was a focus area. Organisational manpower was strengthened across levels and business verticals. Even with the annual number of recruits being the highest ever, the Talent Acquisition processes were sharpened and improved - resulting in a reduction in the average Turn-around-times for recruitments as well as a reduction in the average Cost per hire. Through an improved selection process, a significant saving was obtained on the replacement costs for new hires.

Integral to your Company’s approach to human resource management is its focus on employee development. Your Company’s Learning and Development initiatives were further strengthened with the launch of the Learning Management System (LMS), “Opigno”, across the Network. This LMS was integrated with the existing online content platform – Lynda, from LinkedIn. The LMS also provides curated technical programmes segregated by various academies - IT academy, HR academy and Finance academy. All of these were made available to our employees for developing their technical and behavioural capabilities for their current role and future requirements. A revamped Centralised Induction plan was created and deployed for our news trainees from top Journalism campuses. The programme, called “Aarambh”, is a 5 days induction programme which provides support to the new joiners in their transition from campus to corporate life and is followed by function specific learning sessions. A structured monthly/

annual learning calendar was developed and training initiatives were undertaken for our employees through the year.

Employee engagement initiatives were further reinforced. A Health and Wellness portal was implemented to enable employees to access articles and videos related to health and wellness and live telecasts of talks by health experts anywhere / anytime. An annual health check-up policy was also introduced. Multiple Employee Health and Wellness based events like Health camps by specific ailments were conducted. Various events and festivals were conducted across locations to promote employee engagement at the workplace.

Your Company seeks to promote a just and safe workplace for its employees. To create organisation-wide awareness on Prevention of Sexual Harassment, multiple sessions were conducted, which were facilitated by external experts. A mandatory e-learning and certification on Prevention of Sexual Harassment, called “Creating a Respectful Workplace”, was introduced.

Your Company has been bolstering its HR Technology framework to drive efficiency and productivity. For new joiners, videos were created to aid the inductions of employees joining us in remote locations. The travel process was simplified by the integration of the SAP travel module with a travel vendor and self-booking introduced for cost efficiencies and reduced turnaround times. Payroll operations were also centralised for all our employees.

While externally, your Company consolidated its brands under the ‘News18’ brand, internally it focussed on creating a ‘One Network’ culture. Talent movement across the various brands and properties of the company was encouraged, and processes were introduced to make it seamless.

As of 31st March 2019, there were 829 employees on the rolls of your Company.

On-roll employee count Network18	31-Mar-18	31-Mar-19
Network18 Media & Investments Limited	618	829

The upcoming year will see further focus on talent development, succession planning and leadership development, while exploring further ways to improve the technology support for various HR systems and processes. Your Company and its employees remain committed to driving the ambitious growth agenda, attaining a leadership position in each of the genres/markets that we operate in and building a credible reputation as one of India’s foremost media houses.

RISK MANAGEMENT

Network18 maintains a robust system of internal controls, commensurate with the size and complexity of its business operations. The system provides, inter alia, a reasonable assurance of protection against any probable loss of the Company’s assets as a result of misuse of powers by those who are in a position to influence the working of the business verticals of the organisation. It ensures that the transactions of its business operation are recorded in all respects in a fair and transparent manner. The Company has an external and independent firm of Internal Auditors to scrutinise its financials and other operations. The Internal Auditors report their findings directly to the Audit Committee, which forwards them to the concerned departments/ business verticals for taking corrective measures. Internal audit also ensures that applicable laws are being complied with in true spirit.

RISKS AND MITIGATION STRATEGY

Content Risk

The content business (news, entertainment and film) depends upon the subject matter and its treatment resonating with viewers, which is difficult to predict accurately. A programme's (or film's) ratings and revenue are directly linked to viewership. Hence, there is a risk of revenue loss in case a programme is not liked by the majority of viewers in the target group.

Macro Risk

Advertising being a major source of revenue generation, any decline in advertising revenues (or disinflation of the advertising currency) could adversely impact Network18's revenue and operating results. Network18's primary revenue generation is linked with the sale of advertisements through television channels, which is dependent on the overall macroeconomic and industry conditions, market trends, public policy and government regulation, viewership, budgets of advertisers, among other factors. TV advertisement sales are also threatened by the abrupt termination of contracts by advertisers, limits on advertising time, and advertising shift to new media formats such as digital, etc.

Regulatory Risk

The Indian broadcast industry is heavily regulated across a multitude of areas including distribution, taxation, etc. Any policy changes can have a material impact on the economic and strategic direction of the industry and may restrict Network18's ability to do business. In this context, the recent TRAI tariff order may create flux in the industry as the complete value-chain including consumers have to adjust to the new regime where bouquets are unbundled in part and a-la-carte channel selection is allowed. In this scenario, channels with weak content could stand to lose out on account of poor consumer demand.

Competition Risk

The emergence of digital media, along with the growth of mobile and radio, is causing a shift in part of the advertising revenue away from the television. With their greater local connect and more measurable reach index, such media are drawing in considerable advertising from sectors such as FMCG and BFSI. Also, the advent of these mediums has created a need for substantial investments into both content and platforms, so as to capture / ring-fence audiences which can be monetised later.

Third-Party Relations/JV/Partnerships

Network18 has relationships and JVs with external partners whose long-term continuation it cannot assure; though it has taken every effort to create long-term relationships through licensing and JV agreements. Sudden termination or deterioration of these relationships may materially and adversely affect Network18's operations and financial condition. The success of any future JVs and strategic relationships with third parties is also not assured, as every relationship comes with its own set of risks, including failure to recover the investment made in such initiatives.

Brand Recognition and Popularity

Network18's brand strength is one of its biggest assets and its success depends upon the popularity and recognition of its brands, as well as its ability to deliver original and compelling content and services that attract and retain viewers. Failure to sustain the brands, or excessive expenditure incurred in doing so, could seriously impact Network18's business and financial operations.

Financing Risks

Majority of the company's debt is in the form of short-term debt from capital markets. This exposes the company to availability of external capital, at regular intervals, because of factors such as liquidity, volatility in interest rates, and general economic environment.

Litigation Risks

The Company may be exposed to the risk of litigation and legal action brought by various government authorities and private parties because of its actions, inactions, products, services or other events. From time to time, the Company may be involved in various disputes and proceedings which may have an adverse impact on its operational and financial performance as well as result in financial liabilities.

Personnel Risks

The Company's ability to operate its business and implement its strategies depends, in part, on the continued contributions of the Company's executive officers and other key employees. The loss of any of the Company's key senior executives could have an adverse effect on the Company's business unless and until a replacement is found. A limited number of persons exist with the requisite experience and skills to serve in the Company's senior management positions. The Company may not be able to locate or employ qualified executives on acceptable terms. In addition, the Company believes that its future success will depend on its continued ability to attract and retain highly skilled personnel with experience in the key business areas of the Company. The competition for these persons is intense, and the Company may not be able to successfully recruit, train or retain qualified managerial personnel.

INTERNAL CONTROL SYSTEMS

Network18 has exhaustive internal control systems that are aligned to its business requirements. Network18 regularly monitors the risks and has in place focussed risk mitigation strategies. Internal and external audit teams continuously monitor the adequacy and effectiveness of the internal control environment across Network18 and the status of compliance with operating systems, internal policies and regulatory requirements. The Audit Committee meets periodically to review the adequacy and efficacy of the internal control systems.

ANNEXURE I

DIVIDEND DISTRIBUTION POLICY

The Board of Directors (the “Board”) of Network18 Media & Investments Limited (the “Company”) at its meeting held on July 18, 2017 has adopted this Dividend Distribution Policy (the “Policy”) as required by Regulation 43A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the “Listing Regulations”).

OBJECTIVE

The objective of this Policy is to establish the parameters to be considered by the Board of Directors of the Company before declaring or recommending dividend.

CIRCUMSTANCES UNDER WHICH THE SHAREHOLDERS MAY OR MAY NOT EXPECT DIVIDEND

The Board of Directors of the Company, while declaring or recommending dividend shall ensure compliance with statutory requirements under applicable laws including the provisions of the Companies Act, 2013 and Listing Regulations. The Board of Directors, while determining the dividend to be declared or recommended shall take into consideration the advice of the executive management of the Company and the planned and further investments for growth apart from other parameters set out in this Policy.

The Board of Directors of the Company may not declare or recommend dividend for a particular period if it is of the view that it would be prudent to conserve capital for the then ongoing or planned business expansion or other factors which may be considered by the Board.

PARAMETERS TO BE CONSIDERED BEFORE RECOMMENDING DIVIDEND

The Board of Directors of the Company shall consider the following financial/internal parameters while declaring or recommending dividend to shareholders:

- Profits earned during the financial year
- Retained Earnings
- Earnings outlook for next three to five years
- Expected future capital/liquidity requirements
- Any other relevant factors and material events

The Board of Directors of the Company shall consider the following external parameters while declaring or recommending dividend to shareholders:

- Macro-economic environment - Significant changes in macro-economic environment materially affecting the businesses in which the Company is engaged in the geographies in which the Company operates
- Regulatory changes - Introduction of new regulatory requirements or material changes in existing taxation or regulatory requirements, which significantly affect the businesses in which the Company is engaged
- Technological changes which necessitate significant new investments in any of the businesses in which the Company is engaged

UTILISATION OF RETAINED EARNINGS

The Company shall endeavour to utilise the retained earnings in a manner which shall be beneficial to the interests of the Company and also its shareholders.

The Company may utilize the retained earnings for making investments for future growth and expansion plans, for the purpose of generating higher returns for the shareholders or for any other specific purpose, as approved by the Board of Directors of the Company.

PARAMETERS THAT SHALL BE ADOPTED WITH REGARD TO VARIOUS CLASSES OF SHARES

The Company has issued only one class of shares viz. equity shares. Parameters for dividend payments in respect of any other class of shares will be as per the respective terms of issue and in accordance with the applicable regulations and will be determined, if and when the Company decides to issue other classes of shares.

CONFLICT IN POLICY

In the event of any conflict between this Policy and the provisions contained in the regulations, the regulations shall prevail.

AMENDMENTS

The Board may, from time to time, make amendments to this Policy to the extent required due to change in applicable laws and regulations or as deemed fit on a review.

SECTION E: PRINCIPLE-WISE PERFORMANCE**PRINCIPLE 1****BUSINESSES SHOULD CONDUCT AND GOVERN THEMSELVES WITH ETHICS, TRANSPARENCY AND ACCOUNTABILITY**

1. **Coverage of Policy relating to ethics, bribery and corruption (viz. Joint Ventures, Suppliers, Contractors, NGOs/Others)**

At Network18, the Code of Conduct serves as a guiding policy to all the employees of the Company and subsidiaries across all levels and grades. The Company has adequate control measures in place to address issues relating to ethics, bribery and corruption in the context of appropriate policy. This mechanism includes directors, senior executives, officers, employees (whether, permanent, contractual or temporary) and third parties including suppliers, contractors & business partners associated with Network18. The Company has a well-defined policy which spells out principles on ethical business conduct and the framework for reporting concerns.

2. **Stakeholders' complaints received in the past financial year and percentage of complaints satisfactorily resolved by the management**

During the financial year 2018-19, the Company has not received any complaint(s) from investor(s).

Additionally on an ongoing basis the complaints/grievances/views from viewers and other stakeholders are dealt with by respective functions within the Company.

PRINCIPLE 2**BUSINESSES SHOULD PROVIDE GOODS AND SERVICES THAT ARE SAFE AND CONTRIBUTE TO SUSTAINABILITY THROUGHOUT THEIR LIFE CYCLE**

1. **List upto three Products or services whose design has incorporated social or environmental concerns, risks and /or opportunities**

The operations as carried by the Network18 are in compliance with applicable regulations / advisories issued

by Registrar of Newspaper of India, Ministry of Information and Broadcasting and the Ministry of Electronics and Information and Technology.

2. **For each such product, details in respect of resource use including a) Reduction during sourcing / production / distribution achieved since the previous year throughout the value chain and b) Reduction during usage by consumers (energy, water) has been achieved since the previous year?**

The operations of the Company requires minimal energy consumption. Continuous efforts are being made to reduce the consumption of energy, viz. use of low energy consuming LED lights is being encouraged at workplace. The Company and its employees ensure that there is optimum utilisation of the available resources (like water, energy etc.).

3. **Procedures in place for sustainable sourcing (including transportation) and percentage of inputs sourced sustainably**

The Company maintains a healthy relationship with its content providers, vendors and other suppliers and the business policies of the Company include them in its growth. The process of vendor registration lays emphasis on conformity of safe working conditions and business ethics by the vendor.

4. **Steps taken to procure goods and services from local and small producers, including communities surrounding place of work and steps taken to improve the capacity and capability of local and small vendors**

Most of the business operations of the Company are carried out from commercial hubs of the Country. The content provider and other goods and service providers required for the day-to-day operations are sourced from local vendors and small producers, which has contributed to their growth. Additionally, the Company encourages participation of local talent in production of content for its business. The Company also respects the right of people who may be owners of traditional knowledge and other forms of Intellectual Property.

5. **Mechanism to recycle products and waste and the percentage of recycling of products and waste (Separately as <5%, 5-10%, >10%).**

The Company is not involved in any manufacturing activity and hence there is no consequent discharge of waste and effluents. Additionally, any electronic item discarded by the Company is channelized through authorised recyclers in consonance with requisite enactment/rules/guidelines

issued by Ministry of Environment, Forest and Climate change/concerned Pollution Control Board.

**PRINCIPLE 3
BUSINESSES SHOULD PROMOTE THE WELL-BEING OF ALL EMPLOYEES**

1. **Total number of employees:**
As on March 31, 2019, the total number of employees was 829. In Network18, equal opportunity is given to employees at all levels both at the time of recruitment and during course of employment. The Company's Code of Conduct encourages equal opportunity and consider it as a matter of fairness, respect and dignity. Also, due cognizance is given to work-life balance of all employees. Company organises various training programs for employees. Company's contractual employees also undergo safety as well as other trainings.

No cases of child labour, forced labour, involuntary labour paid or unpaid, and no cases of sexual harassment discriminatory employment were reported in the last financial year. The Company has in place the Prevention of Sexual Harassment (POSH) Policy in line with the requirements of the Sexual Harassment of Women at the Workplace (Prevention, Prohibition and Redressal) Act, 2013, which ensures a free and fair enquiry process with clear timelines. All employees (permanent, contractual, temporary, trainees) and visitors are covered under this Policy. Further, the Company has Internal Complaints Committee where employees can register their complaints against sexual harassment. The Company conducts awareness program against sexual harassment across the locations on a continuous basis.

7. **Percentage of above mentioned employees who were given safety and skill up-gradation training in the last year**

The Company has employee-centric culture. Training and development of people is given high importance in Network18. The HR function has robust overall functioning and continues to raise the bar of excellence in people policies, practices, systems and data. This is being accomplished by driving a mature governance and management assurance process. The Company organizes various training sessions in-house on a regular basis and also sponsors its employees to attend training sessions organized by external professional bodies to facilitate upgradation of skills of employees handling relevant functions, basic fire and safety, training etc. During the year, around 54.4% of employees received formal training of safety and overall 80% of employees received formal training on skill upgradation.

**PRINCIPLE 4
BUSINESSES SHOULD RESPECT INTEREST OF, AND BE RESPONSIVE TOWARDS ALL STAKEHOLDERS, ESPECIALLY THOSE WHO ARE DISADVANTAGED, VULNERABLE AND MARGINALISED**

The Company has mapped its internal and external stakeholders, the major/key categories include (i) Government and regulatory authorities; (ii) Employees; (iii) Consumers; (iv) Suppliers; (v) Investors, Shareholders and Lenders; (vi) Local Community; (vii) NGOs.

The Company believes that the stakeholder's engagement process is necessary for achieving its sustainability goal of inclusive growth. Stakeholder's engagement helps in attaining better understanding of the perspectives on key issues and builds a strong relationship with them. The Company seeks timely feedback and response through formal and informal channels of communication to ensure that the stakeholders' information remains updated.
2. **Identification of the disadvantaged, vulnerable and marginalised stakeholders**
The Company has identified disadvantaged, vulnerable and marginalised stakeholders.
3. **Special initiatives taken by the Company to engage with the disadvantaged, vulnerable and marginalised stakeholders**
Network18 believes in sustainable and inclusive development of the society. It has taken the path of inclusive development to address the societal issues and engage with the disadvantaged, vulnerable and marginalised stakeholders. The Company extends its support beyond the business activities to the marginalised and vulnerable groups through its various social initiatives.

PRINCIPLE 5**BUSINESSES SHOULD RESPECT AND PROMOTE HUMAN RIGHTS**

1. Coverage of the Company's policy on human rights and its extension to the Group/Joint ventures/Suppliers/Contractors/NGOs/Others

Network18's code of conduct demonstrates its commitment towards the preservation of human rights across the value chain. 1. Company’s Philosophy on Code of Governance

Corporate Governance is about commitment to values and ethical business conduct. We look upon good Corporate Governance practices as a key driver of sustainable corporate growth and long-term shareholders value creation. Good Corporate Governance is about enhancing value for all our stakeholders. The Company is committed to adopt best practices in Corporate Governance and disclosures thereunder. This includes its corporate and other structures, its culture, policies and the manner in which it deals with various stakeholders. Timely and accurate disclosure of information regarding the financial situation, performance, ownership and governance of the Company are an important part of Corporate Governance.

The Company believes that sound Corporate Governance is critical to enhance and retain investors’ trust. The Company’s Corporate Governance philosophy is based on the following core values of the Company:

1. Customer Value
2. Ownership Mindset
3. Respect
4. Integrity
5. One Team
6. Excellence

The Company complies with all statutory and regulatory requirements on Corporate Governance and has constituted the requisite committees to look into issues of financial reporting, investor grievances, corporate social responsibilities, risk management and executive remuneration. This attitude of Network18 has strengthened the bond of trust with its stakeholders including the society at large.

Ethics/Governance Policies

At Network18, we strive to conduct our business and strengthen our relationships in a manner that is dignified, distinctive and responsible. We adhere to ethical standards to ensure integrity, transparency, independence and accountability in dealing with all stakeholders. Therefore, we have adopted various codes and policies to carry out our duties in an ethical manner. Some of these codes and policies are:

- Code of Conduct
- Code to Regulate, Monitor and Report Trading by Designated Persons and Specified Connected Persons of the Company and material subsidiaries of the Company
- Code of Practices and Procedures for Fair Disclosure of Unpublished Price Sensitive Information
- Vigil Mechanism and Whistle-Blower Policy

2. Board of Directors

Board composition and category of Directors:

The composition of the Board, category and DIN of Directors as on the date of report are as follows:

Category	Name of Directors	Director Identification Number (DIN)
Independent Directors	Mr. Adil Zainulbhai – Chairman	06646490
	Mr. Dhruv Subodh Kaji	00192559
	Mr. Rajiv Krishan Luthra	00022285
	Ms. Renuka Ramnath	00147182
Non-Executive Non-Independent Directors	Mr. P.M.S. Prasad	00012144
	Ms. Jyoti Deshpande	02303283
Executive Director	Mr. Rahul Joshi (Managing Director)	07389787

None of the Directors are inter-se related to any other Director on the Board or are related to any Key Managerial Personnel of the Company.

Further, none of the Directors hold any share in the Company.

Ms. Nirupama Rao and Mr. Deepak Shantilal Parekh, who were Independent Directors, resigned from the directorship w.e.f. May 29, 2018 and April 1, 2019 respectively. Ms. Rao resigned due to her preoccupation with writing and research work and Mr. Parekh resigned due to his other commitments. Other than the reasons stated herein, there was no other material reason for their resignation.

Selection of Independent Directors

Considering the requirement of skill sets on the Board, eminent people having an independent standing in their respective field/profession, and who can effectively contribute to the Company's business and policy decisions are considered by the Nomination and Remuneration Committee for appointment as Independent Directors on the Board. The Committee, *inter-alia*, considers qualification, positive attributes, area of expertise and number of Directorships and Memberships held in various committees of other companies by such persons in accordance with the Company's Policy for Selection of Directors' and Determining Directors' Independence. The Board considers the Committee's recommendations and takes appropriate decision.

Every Independent Director, at the first meeting of the Board in which he participates as a Director and thereafter at the first meeting of the Board in every financial year or whenever there is any change in the circumstances which may affect

his status as an independent director, gives a declaration that he meets the criteria of independence as provided under the law and that he is not aware of any circumstance or situation, which exist or may be reasonably anticipated, that could impair or impact his ability to discharge his duties with an objective independent judgment and without any external influence. All the Independent Directors have given the requisite declarations of independence during the year.

In the opinion of Board, the Independent Directors fulfil the conditions specified in the Listing Regulations and are independent of the management.

Meetings of Independent Directors

The Company's Independent Directors meet at least once in every year without the presence of Non-Independent Directors and Management Personnel. Such meetings are conducted to enable Independent Directors to discuss matters pertaining to the Company's affairs and put forth their views to the other Independent Directors. Independent Directors take appropriate steps to present their views to the Board.

Performance Evaluation Criteria of Directors

Performance of Directors is evaluated based on the criteria of evaluation of Directors (including Independent Directors) devised by the Nomination and Remuneration Committee of the Board. As per the criteria, the directors are evaluated based on their attendance, effective contributions in the meetings, domain knowledge, vision and strategy, awareness of the business and regulatory environment in which the Company operates etc.

Familiarisation Programmes for Board Members

The Board members are provided with necessary documents, reports and internal policies to enable them to familiarize with the Company's procedures and practices. The Company organizes programmes and presentations for the Board of Directors in order to familiarize them with their roles, rights, responsibilities in the Company, nature of the industry in which it operates, Business model of the Company and other related matters.

Presentations are made periodically at the Board and its Committee Meetings, on business and performance updates of the Company, global business environment, business strategy and risks involved. Updates on relevant statutory changes and landmark judicial pronouncements encompassing important laws are also informed to the Directors.

The details of such familiarization programmes for Independent Directors are posted on the website of the Company and may be accessed at: <http://www.nw18.com/reports/reports/policies/NW18FamiliarizationProgramforIndependentDirectors2018-19.pdf>

3. Board and Committee Meetings and its Procedures

(a) Institutionalised decision-making process

The Board of Directors is the apex body constituted by members for overseeing the Company's overall functioning. The Board provides and evaluates the Company's strategic direction, management policies and their effectiveness, and ensures that the stakeholders' long-term interests are being served.

The Board has constituted various committees, namely Audit Committee, Nomination and Remuneration Committee, Corporate Social Responsibility Committee, Stakeholders' Relationship Committee and Risk Management Committee. The Board is authorised to constitute additional functional committees, from time to time, depending on business needs.

The Company's internal guidelines for Board/Board Committee meetings facilitate the decision making process at the meetings in an informed and efficient manner. The following sub-sections deal with the practice of these guidelines in the Company.

(b) Scheduling and selection of agenda items for Board meetings

- (i) Minimum five pre-scheduled Board Meetings are held in a financial year. Board Meetings are convened by giving appropriate notice to address the Company's specific needs. In case of business exigencies or urgency of matters, resolutions are passed by circulation.
- (ii) All departments of the Company are encouraged to plan their functions well in advance, particularly with regard to matters requiring discussion/approval/decision at Board/Board Committee meetings. Such matters are communicated by them to the Company Secretary in advance so that they are included in the agenda for Board/Board Committee Meetings.
- (iii) The Board is given presentations/briefed on areas covering operations of the Company, before taking on record the quarterly/annual financial results of the Company. The Chairman of the Board and Company Secretary, in consultation with other concerned members of the senior management, finalize the agenda for Board Meetings.

(iv) The agenda and notes on agenda are circulated to Directors in advance, in the defined agenda format. All material information is incorporated in the notes to the agenda for facilitating meaningful and focused discussions at the meeting. Where it is not practicable to attach any document to the agenda, it is tabled before the meeting with specific reference to this effect in the agenda. In special and exceptional circumstances, additional or supplementary item(s) on the agenda are permitted.

All Board and Committee meetings' agenda papers are disseminated electronically, on a real time basis, by uploading them on a secured online application specifically designed for this purpose.

(c) Recording minutes of proceedings of Board and Board Committee meetings

The Company Secretary records minutes of proceedings of each Board and Committee meeting. Draft minutes are circulated to the Board/Board Committee members within 15 days from the date of Board/ Board Committee meeting for their comments. The minutes are entered in the Minutes Book within 30 days from the conclusion of the meeting.

(d) Post meeting follow-up mechanism

The guidelines for Board and Board Committee meetings facilitate an effective post meeting follow-up, review and reporting process for decisions taken by the Board and Board Committees. Important decisions taken at the Board/Board Committee meetings

are communicated promptly to the concerned departments/divisions. Minutes of the previous meeting(s) are placed at the succeeding meeting of the Board/Board Committee for noting. Further, action taken report on decisions on the previous meetings is placed at the succeeding meeting.

(e) Compliance

The Company Secretary, while preparing the agenda, notes on agenda, minutes of the meeting(s), is responsible for and is required to ensure adherence to all applicable laws and regulations including Companies Act, 2013 ("the Act") read with rules issued thereunder, Listing Regulations and the Secretarial Standards (SS-1 and SS-2) issued by the Institute of Company Secretaries of India.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF NETWORK18 MEDIA & INVESTMENTS LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Network18 Media & Investments Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2019, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and its loss, total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Carrying values of investments in certain unlisted subsidiaries and associates</p> <p>Investments in unlisted subsidiaries and associates are accounted for at cost less impairment in the Company's Balance Sheet.</p> <p>Investments are tested for impairment if impairment indicators exist. If such indicators exist, the recoverable amounts of the investments in subsidiaries and associates are estimated in order to determine the extent of the impairment loss, if any. Any such impairment loss is recognised in the Statement of Profit and Loss.</p>	<p>Principal audit procedures performed:</p> <p>Our audit procedures included a combination of testing the design, implementation and operating effectiveness in respect of management's assessment of existence of indicators of impairment and where applicable determination of recoverable amounts to measure the impairment provision that needs to be accounted for.</p>

Sr. No.	Key Audit Matter	Auditor's Response
	<p>Management judgement is required in the area of impairment testing, particularly in assessing: (1) whether an event has occurred that may indicate that the related asset values may not be recoverable; (2) whether the carrying value of an asset can be supported by the recoverable amount, being the higher of fair value less costs to sell and value in use; considering recent transaction, independent valuer's report, the appropriate key assumptions to be applied in valuation including whether appropriate discounting rate/revenue multiple is applied. Any change in the basis or assumptions could materially affect the recoverable amount used in the impairment test with a consequent impact on the financial statements of the Company.</p> <p>In view of the foregoing, valuation and allocation of investments in certain unlisted subsidiaries and associates have been identified as a Key Audit Matter. As at March 31, 2019, carrying values of such investments aggregates ₹ 81,951 lakhs.</p> <p>Refer Notes 2.2(n)(E) and 3(e) to the financial statements.</p>	<p>Our substantive testing procedures included evaluation of appropriateness of management's assumption whether any indicators of impairment existed by reviewing financial and other available information/data, if any, of the unlisted subsidiaries and associates as at March 31, 2019.</p> <p>For those investments where indicators of impairment existed, we have examined management's judgement in the area of impairment testing by considering and evaluating recent transaction, independent valuer's report, the reasonableness of key assumptions including discounting rate/revenue multiple applied. We evaluated appropriateness of management's impairment assessment by involving our valuation specialists.</p>
2	<p>Carrying values of goodwill</p> <p>In accordance with Ind AS, goodwill needs to be tested for impairment at every reporting period. Recoverability of the carrying value of goodwill is predicated upon appropriate attribution of goodwill to a cash generating unit or group of cash generating units (CGU) and determination of recoverable amount of the underlying CGUs.</p> <p>Management judgement is required in the area of impairment testing, particularly in assessing whether the carrying value of the CGU including the goodwill can be supported by the recoverable amount, being the higher of fair value less costs to sell and value in use; considering recent transaction, independent valuer's report, the appropriate key assumptions to be applied in valuation including whether appropriate discounting rate is applied. Any change in the basis or assumptions could materially affect the recoverable amount used in the impairment test with a consequent impact on the financial statements of the Company.</p> <p>In view of the foregoing, valuation and allocation of goodwill have been identified as a Key Audit Matter. As at March 31, 2019, carrying values of goodwill is ₹ 29,100 lakhs.</p> <p>Refer Notes 2.2 (g) and 3(d) to the financial statements.</p>	<p>Principal audit procedures performed:</p> <p>Our audit procedures included a combination of testing the design, implementation and operating effectiveness in respect of management's basis for allocation of goodwill to CGUs and determination of recoverable amounts to measure the impairment provision, if any, that needs to be accounted for.</p> <p>As part of our substantive testing procedures, we have examined management's judgement in the area of impairment testing by considering and evaluating recent transaction, independent valuer's report, the reasonableness of key assumptions including discounting rate applied. We evaluated appropriateness of management's impairment assessment by involving our valuation specialists.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report and Corporate Governance Report, but does not include standalone financial statements and our auditor's report thereon.
- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

As stated in Note 45 to the standalone financial statements, pursuant to the Scheme of Merger by Absorption ("the Scheme") for the merger of the Company's direct/indirect wholly owned subsidiaries as stated in the said Note ("transferor Companies") into the Company, the comparative financial information for the year ended March 31, 2018 have been restated to give effect to the Scheme.

Further, the above restatement, inter alia, is based on the financial information of ten transferor Companies which have not been audited by us. These financial information have been audited by other auditors.

Our opinion on the standalone financial statements is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.

- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A”

TO THE INDEPENDENT AUDITOR’S REPORT TO THE MEMBERS OF NETWORK 18 MEDIA & INVESTMENTS LIMITED

Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Network18 Media & Investments Limited (“the Company”) as of March 31, 2019 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE “B”

TO THE INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF NETWORK 18 MEDIA & INVESTMENTS LIMITED

(Referred to in paragraph 2, under 'Report on Other Legal and Regulatory Requirements' section of our Report of even date)

- i. In respect of its fixed assets:
 - a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
 - b) The Company has a program of verification of fixed assets to cover all the items in a phased manner over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered reconveyance deeds/Memorandum of Understanding provided to us, we report that the title deeds comprising all the immovable properties of freehold land and buildings are held in the name of the Company as at the balance sheet date.
- ii. As explained to us, the entire inventory of the Company is lying with the third parties and these have been confirmed by them as at the year end.
- iii. According to the information and explanations given to us, the Company has not granted loans, secured or unsecured to firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. The Company has granted loans, secured or unsecured, to two companies, covered in the register maintained under section 189 of the Companies Act, 2013, in respect of which:
 - (a) The terms and conditions of the grant of such loans are, in our opinion, prima facie, not prejudicial to the Company's interest.
 - (b) The schedule of repayment of principal and payment of interest has been stipulated and the principal amounts and interest are not due for repayment currently as per stipulations.
 - (c) There is no overdue amount remaining outstanding as at the balance sheet date.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- v. According to the information and explanations given to us, the Company has not accepted any deposit from public during the year. As informed and represented by the management, public deposits aggregating ₹ 137 lakhs and interest on public deposit of ₹ 65 lakhs, accepted under the Companies (Acceptance of Deposits) Rules, 1975 have not been claimed by the depositors till date. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 73 to 76 or other relevant provision of the Act and the rules framed there under with regard to the deposits. According to the information and explanations given to us, no order has been passed by the Company Law Board or the National Company Law Tribunal or the Reserve Bank of India or any Court or any other Tribunal with respect to the Company.
- vi. The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- vii. According to the information and explanations given to us, in respect of statutory dues:
 - a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income-tax, Goods and Services Tax, Customs Duty, Cess and other material statutory dues applicable to it to the appropriate authorities. The provisions relating to Sales Tax, Service Tax, Excise Duty and Value Added Tax are not applicable to the Company.

- b) There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-tax, Goods and Services Tax, Customs Duty, Cess and other material statutory dues in arrears as at March 31, 2019 for a period of more than six months from the date they became payable.
- c) According to the information and explanation given to us, there are no dues of Sales Tax, Service Tax, Customs Duty, Excise Duty and Value Added Tax which have not been deposited on account of any dispute. According to the records of the Company, details of Income Tax and Service Tax dues which have not been deposited as on March 31, 2019 on account of disputes are given below:

Name of the Statute	Nature of Dues	Amount Involved (Rupees in lakh)	Period to which the amount relates	Forum where the dispute is pending
Income Tax Act, 1961	Income Tax	51	AY 2008-09	Commissioner of Income Tax Appeals
Income Tax Act, 1961	Income Tax	510*	AY 2009-10	Income Tax Appellate Tribunal
Income Tax Act, 1961	Income Tax	475	AY 2010-11	Deputy Commissioner of Income Tax Appeals
Income Tax Act, 1961	Income Tax	NIL**	AY 2010-11	Income Tax Appellate Tribunal
The Finance Act, 1994	Service Tax	78	FY 2007-08 to 2011-12	Customs, Excise and Service Tax Appellate Tribunal, Mumbai

* Net of ₹ 135 lakh paid under protest

** Net of ₹ 450 lakh adjusted against refund of earlier years

- viii. In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to financial institutions and banks. There were no borrowings or loans from the Government and the Company has not issued any debentures.
- ix. The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under clause (ix) of paragraph 3 of the Order is not applicable.
- x. To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.
- xi. In our opinion and according to the information and explanations given to us, the Company has paid/provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.
- xii. The Company is not a Nidhi Company and hence reporting under clause (xii) of paragraph 3 of the Order is not applicable.
- xiii. In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the standalone Ind AS financial statements as required by the applicable accounting standards.
- xiv. During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (xiv) of paragraph 3 of Order is not applicable to the Company.
- xv. In our opinion and according to the information and explanations given to us, during the year, the Company has not entered into any non-cash transactions with its directors or directors of its holding, subsidiary or associate company or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable.
- xvi. In our opinion and according to information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31st March, 2019

1 CORPORATE INFORMATION

Network18 Media & Investments Limited ("the Company") is a listed entity incorporated in India. The registered office of the Company is situated at First Floor, Empire Complex, 414 Senapati Bapat Marg, Lower Parel, Mumbai - 400 013, Maharashtra. The Company is engaged in the business of publishing, digital and allied business.

2 SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation and Presentation

The financial statements have been prepared on the historical cost basis except for certain financial assets and liabilities, which have been measured at fair value amount.

The financial statements of the Company have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013.

These financial statements are the Company's Standalone financial statements and are presented in Indian Rupees (₹), which is its functional currency. All values are rounded to the nearest lakh (₹ 00,000), except when otherwise indicated.

2.2 Summary Of Significant Accounting Policies

(a) Current and Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on Current/ Non-Current classification.

An asset is treated as Current when it is –

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when –

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or

- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(b) Property, Plant and Equipment:

Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow the entity and the cost can be measured reliably.

Depreciation on property, plant and equipment is provided using straight-line method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. Leasehold improvements are depreciated over the period of lease agreement or the useful life whichever is shorter.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

(c) Leases:

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31st March, 2019

Leased assets:

Assets held under finance leases are initially recognised as assets of the Company at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the Balance Sheet as a finance lease obligation.

Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately in Statement of Profit and Loss, unless they are directly attributable to qualifying assets, in which case they are capitalized.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

(d) Other Intangible assets:

Other Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebate less accumulated amortisation/ depletion and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate assets, as appropriate, only when it is probable that future economic benefits associated with the items will flow to the Company and cost can be measured reliably.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Computer Software and Website costs are being amortised over its estimated useful life of 3 to 5 years.

(e) Borrowing Cost

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

All other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

(f) Inventories

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, cost of conversion and other costs net of recoverable taxes incurred in bringing them to their respective present location and condition.

Cost of raw materials, stores and spares, packing materials, trading and other products are determined on weighted average basis.

(g) Impairment of non-financial assets

The Company assesses at each reporting dates as to whether there is any indication that any Property, Plant and Equipment and Other Intangible assets or group of an asset, called Cash Generating Unit ('CGU') may be impaired. If any such indication exists, the recoverable amount of an assets or CGU is estimated to determine the extent of impairment, If any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

Goodwill is allocated to each of the CGUs (or groups of CGUs) for the purposes of impairment testing. A CGU to which goodwill has been allocated is tested

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31st March, 2019

for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata based on the carrying amount of each asset in the unit.

An impairment loss is recognized in the Statement of the Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use; considering recent transactions, independent valuer's report. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss recognised in prior accounting period is reversed, other than goodwill, if there has been a change in the estimate of recoverable amount.

(h) Provisions and Contingencies

Provisions are recognised when the Company has a present obligation as a result of a past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognised nor disclosed in the financial statements.

(i) Employee Benefits

Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the

services rendered by employees are recognised as an expense during the period when the employees render the services.

Long Term Employee Benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability as at the Balance Sheet date on the basis of actuarial valuation as per Projected Unit Credit Method.

Post-Employment Benefits

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions towards Provident Fund, Employee State Insurance and Pension Scheme. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined Benefit Plans

The Company pays gratuity to the employees who have completed five years of service with the Company at the time of resignation/ superannuation. The gratuity is paid @ 15 days salary for every completed year of service as per the Payment of Gratuity Act, 1972.

The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurement of defined benefit plans in respect of post-employment and other long term benefits are charged to the Other Comprehensive Income.

(j) Tax Expenses

The tax expense for the period comprises current and deferred tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income or in equity. In which case, the tax is also recognised in Other Comprehensive Income or Equity.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31st March, 2019

i Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted at the Balance Sheet date.

ii Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred income tax assets are reassessed at each reporting period and are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax assets to be utilised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

(k) Share based payments

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share based payments is expensed on a straight line basis over the vesting period, based on

the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in Statement of Profit and Loss such that the cumulative expenses reflects the revised estimate, with a corresponding adjustment to the Share Based Payments Reserve.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

(l) Foreign currencies transactions and translation

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency's closing rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item.

(m) Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services.

Revenue from contracts with customers includes sale of goods and services. Revenue from rendering of services includes advertisement revenue, subscription revenue, revenue from sale of television content, facility

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31st March, 2019

and equipment rental, program revenue, revenue from sponsorship of events and revenue from media related professional and consultancy services. Revenue from rendering of services is recognised over time where the Company satisfies the performance obligation over time or point in time where the Company satisfies the performance obligation at a point in time.

Generally, control is transferred upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped.

Revenue is measured at the amount of consideration which the Company expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, net of returns and allowances, trade discounts and volume rebates and excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and the receivable is recognized when it becomes unconditional.

Contract balances

Trade receivables represents the Company's right to an amount of consideration that is unconditional. Revenues in excess of invoicing are considered as contract assets and disclosed as unbilled revenue.

Invoicing in excess of revenues are considered as contract liabilities and disclosed as unearned revenues. When a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised and disclosed as advances from customers.

Interest income

Interest Income from a Financial Assets is recognised using effective interest rate method.

Dividend income

Dividend Income is recognised when the Company's right to receive the amount has been established.

(n) Financial instruments

(i) Financial Assets

A. Initial recognition and measurement:

All financial assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition of financial assets, which are not accounted at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

B. Subsequent measurement:

a) Financial assets measured at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The effective interest rate amortisation is included in other income in the Statement of Profit and Loss.

b) Financial assets measured at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Financial assets measured at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at fair value through profit or loss.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31st March, 2019

C. Investment in subsidiaries, associates and joint ventures

The Company accounts for its investments in subsidiaries, associates and joint venture at cost less impairment loss (if any).

D. Other Equity investments:

All Other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'.

E. Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- a) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date);

or

- b) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For trade receivables, Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. Further, Company uses historical default rates to determine impairment loss on the portfolio of the trade receivables. At every reporting date, these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 months ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

(ii) Financial Liabilities

A. Initial recognition and measurement:

All financial liabilities are recognized initially at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in profit or loss as finance cost.

B. Subsequent measurement:

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(iii) Derivative Financial Instruments

The Company uses derivative financial instruments such as forwards, currency swaps and options to mitigate the risk of changes in exchange rates. Such derivative financial instrument are initially recognised at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value. Derivatives are carried as Financial Assets when the fair value is positive and as Financial Liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken to Statement of Profit or Loss.

(iv) Derecognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31st March, 2019

specified in the contract is discharged or cancelled or expires.

(v) Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(o) Cash and cash equivalent

Cash and cash equivalents comprise of cash on hand and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(p) Earning per shares

Basic earnings per share is calculated by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year adjusted for bonus element in equity share. Diluted earnings per share adjusts the figures used in determination of basic earnings per share to take into account the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period unless issued at a later date.

3 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY:

The preparation of the Company's financial statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

a) Depreciation/ Amortisation and useful lives of Property, Plant and Equipment and Other Intangible Assets:

Property, Plant and Equipment/ Other Intangible assets are depreciated/ amortised over their estimated useful

lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation/ amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation/ amortisation for future periods is adjusted if there are significant changes from previous estimates.

b) Recoverability of trade receivables:

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

c) Provisions:

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability require the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and adjusted to take account of changing facts and circumstances.

d) Impairment of non-financial assets:

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. Goodwill is allocated to cash –generating units ('CGU') for the purposes of impairment testing. A CGU to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31st March, 2019

less costs of disposal and its value in use; considering recent transaction, independent valuer's report. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows covering generally a period of five years are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Estimated future cash flows involve judgement and estimates relating to revenue growth rates, net profit margin and perpetual growth rates. In determining fair value less costs of disposal, recent market transaction are taken into account, if no such transactions can be identified, an appropriate valuation model is used. Based on the impairment assessment as aforesaid, there is no impairment.

e) Impairment of financial assets:

The impairment provisions for financial assets depending on their classification are based on assumptions about risk of default, expected cash loss rates, discounting rates applied to these forecasted future cash flows, revenue multiples, recent transactions and independent valuer's report. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

f) Defined benefit plans:

The employment benefit obligations depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost/ income include the discount rate, inflation and mortality assumptions. Any changes in these assumptions will impact upon the carrying amount of employment benefit obligations.

g) Fair value measurement

For estimates relating to fair value of financial instruments Refer Note 41.

4 STANDARDS ISSUED:

a) Effective during the year:

The impact on account of applying Ind AS 115 "Revenue from contracts with customers", applicable from 1st April 2018, on the financial statements of the Company for the year ended and as at 31st March 2019 is insignificant.

b) Not effective during the year:

On 30th March, 2019, the Ministry of Corporate Affairs (MCA) has notified Ind AS 116 – Leases and certain amendment to existing Ind AS. These amendments shall be applicable to the Company from 1st April, 2019.

I) Issue of Ind AS 116 - Leases

Ind AS 116 will supersede the current standard on leases i.e. Ind AS 17- Leases. As per Ind AS 116, the lessee will record in its financial statements all the non-cancellable portion of leasing arrangement.

II) Amendment to Existing Standard

The MCA has also carried out amendments of the following accounting standards

- i. Ind AS 12 – Income Taxes
- ii. Ind AS 19 – Employee Benefits
- iii. Ind AS 23 – Borrowing Costs
- iv. Ind AS 28 - Investment in Associates and Joint Ventures
- v. Ind AS 101- First time adoption of Indian Accounting Standards
- vi. Ind AS 103 – Business Combinations
- vii. Ind AS 109 - Financial Instruments
- viii. Ind AS 111 – Joint Arrangements

Application of above standards is not expected to have any significant impact on the Company's financial statements.

26.1 During the year ended 31 March, 2011, Roptonal Limited, Cyprus ('Roptonal') a subsidiary of the Company's then jointly controlled entity, Viacom18 Media Private Limited (Currently a subsidiary of the Company) made a public offer for purchase of entire issued capital of The Indian Film Company Limited, Guernsey ('TIFC'). The Company and its then subsidiary, Network18 Holdings Limited ('Network18 Holdings'), Mauritius (Merged with the Company), in their capacity as shareholders in TIFC accepted the public offer. Further, pursuant to an agreement between Roptonal and Network18 Holdings, Network18 Holdings has agreed to indemnify Roptonal against the amount, if any, by which the net cash generated by TIFC from its existing film library in respect of the period from the date on which the aforementioned public offer becomes unconditional up to 21st July, 2014 is less than the net asset value of the film library as per the TIFC's therein mentioned accounts for the year ended 31st March, 2010.

Network18 Holdings has also agreed to indemnify Roptonal against certain Indian tax liabilities that may potentially arise in TIFC or Roptonal in respect of certain withholding tax recoveries stated in TIFC's financial statements and other taxes relating to the sale of Network18 Holding's shares in TIFC. The aforementioned agreement further provided that if Network18 Holding does not undertake the indemnity obligations agreed in the agreement, the indemnity shall be provided by the Company.

During the previous years, based on the assessment of estimated cash flow of the indemnified assets, the Company has estimated the liability as ₹ 21,726 lakh.

iii) Actuarial assumptions:

Particulars	Gratuity (Unfunded)	
	2018-19	2017-18
Mortality Table	IALM (06-08)	IALM (06-08)
Discount rate (per annum)	7.69%	7.70%
Rate of escalation in salary (per annum)	6.00%	5.50%

IALM - Indian Assured Lives Mortality.

The discount rate is based on the prevailing market yields of the Government of India Bonds as at the Balance Sheet date for the estimated term of the obligations.

The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.

iv) Sensitivity Analysis

Significant Actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and employee turnover. The sensitivity analysis below, have been determined based on reasonably possible changes of the assumptions occurring at end of the reporting period, while holding all other assumptions constant. The result of Sensitivity analysis is given below:

Particulars	Gratuity (Unfunded)	
	2018-19	2017-18
₹ in lakh		
a) Impact of the change in discount rate		
Present value of obligation at the end of the period	362	277
i) Impact due to increase of 0.50%	(23)	(18)
ii) Impact due to decrease of 0.50%	26	20
b) Impact of the change in salary increase		
Present value of obligation at the end of the period	362	277
i) Impact due to increase of 0.50%	25	19
ii) Impact due to decrease of 0.50%	(23)	(18)

These plans typically expose the Company to actuarial risks such as: interest risk, longevity risk and salary risk.

(A) Interest risk - A decrease in the discount rate will increase the plan liability.

(B) Longevity risk - The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

(C) Salary risk - The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31st March, 2019

Note 39 | **Obligation on long term, non cancellable operating lease**

The Company has taken various premises under cancellable/ non-cancellable operating leases. There are no sub leases or restrictions imposed by lease arrangements. The cancellable lease agreements are normally renewed on expiry. Operating lease charges amounting to ₹ 711 lakh (Previous Year ₹ 801 lakh) have been debited to the Statement of Profit and Loss during the year. The details of future minimum lease payments under non-cancellable leases are as under:

Particulars	₹ in lakh	
	As at 31st March, 2019	As at 31st March, 2018
Not later than one year	172	193
Later than one year but not later than five years	568	740
Total	740	933

The operating leases were mainly relates to office premises with lease terms of between 2 to 10 years. Most of the operating lease contract contains market review clauses for rate escalation.

Note 40 | **Capital and Financial Risk Management**

40.1 Capital Management

The Company manages it's capital to ensure that it will continue as going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance. The Company monitors Capital using a gearing ratio.

The capital structure of the Company consists of debt, cash and cash equivalents and equity.

The net gearing ratio at end of the financial year was as follows.

Particulars	₹ in lakh	
	As at 31st March, 2019	As at 31st March, 2018
Gross debt	2,10,071	1,60,208
Less: Cash and cash equivalents	9	1,209
Net debt (A)	2,10,062	1,58,999
Equity (B)	1,70,165	2,34,676
Net gearing ratio (A)/(B)	1.23	0.68

40.2 Financial Risk Management

The Company's activities exposes it mainly to credit risk, liquidity risk and market risk. The treasury team identifies and evaluates financial risk in close coordination with the Company's business teams.

(a) **Credit Risk**

Credit risk is the risk that customers or counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities which is primarily trade receivables.

Customer credit risk is managed by each business team subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customers receivables are regularly monitored.

An impairment analysis is performed at each reporting date for major customers. Receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company evaluates the concentration of risk with respect to receivables as low.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31st March, 2019

(b) Liquidity Risk

Liquidity risk arises from the Company's inability to meet its cash flow commitments on the due date. The Company maintains sufficient stock of cash, marketable securities and committed credit facilities. The Company accesses local financial markets to meet its liquidity requirements. It uses a range of products to ensure efficient funding from across well-diversified markets and investor pools. Treasury monitors rolling forecasts of the Company's cash flow position and ensures that the Company is able to meet its financial obligation at all times including contingencies.

The Company's liquidity is managed by forecasting the cash and liquidity requirements. Treasury arranges to either fund the net deficit or invest the net surplus in the market.

(c) Market risk

(i) Foreign Exchange Exposure/ currency Risk

Foreign Currency Risk is the risk that the Fair Value or Future Cash Flows of an exposure will fluctuate because of changes in foreign currency rates. Exposures can arise on account of the various assets and liabilities which are denominated in currencies other than functional currency.

The Company's foreign currency exposure not hedged by a derivative instrument or otherwise as at year end is as follows:

Particulars	₹ in lakh	
	As at 31st March, 2019	As at 31st March, 2018
Trade payables		
USD	146	126
GBP	9	-
EURO	11	-
Trade receivable		
USD	387	326
GBP	1	4
EURO (Current Year ₹ 47,923)	0	-
Derivatives		
Forwards	246	-

Sensitivity analysis:

1% appreciation/ depreciation of the respective foreign currencies with respect to the functional currency of the Company would result in an decrease/ increase in the Company's loss before tax by a negligible amount for the year ended 31st March, 2019 and by ₹ 2 lakh for the year ended 31st March, 2018.

(ii) Interest Rate Risk

The Company's exposure to the risk of changes in market interest rate relates to floating rate debt obligations.

The Company's borrowings at the end of the financial year are as follows:

Particulars	₹ in lakh	
	As at 31st March, 2019	As at 31st March, 2018
Borrowings		
Current	2,10,071	1,60,208
Total	2,10,071	1,60,208

Sensitivity analysis:

1% appreciation/ depreciation in the interest rate on floating rate borrowing included above would result in a increase/ decrease in the Company's loss before tax by ₹ 92 lakh for the year ended 31st March 2019 and by ₹ 241 lakh for the year ended 31st March 2018.

* Excludes group company Investments measured at cost (Refer Note 6.1)

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consist of the following three levels:

Level 1: Inputs are Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs are other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumption that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Valuation Methodology

All financial instruments are initially recognised and subsequently re-measured at fair value as described below:

- The fair value of investment in quoted Equity Shares and Mutual Funds is measured at quoted price or Net Asset Value (NAV).
- The fair value of the remaining financial instruments is determined based on adjusted quoted price of underlying assets, information about market participants assumptions and other data that are available including using discounted cash flow analysis.

Note 42 | Derivative contracts

Changes in the fair value of forward contracts that economically hedge monetary liabilities in foreign currencies, and for which no hedge accounting is applied, are recognised in the Statement of Profit and Loss. The changes in fair value of the forward contracts, as well as the foreign exchange gains and losses relating to the monetary items, are recognised in the Statement of Profit and Loss.

Following table details the derivative contracts outstanding at the end of the year:

Particulars	Sell currency	Buy Currency	Nominal value of contract
Forwards contract	USD	INR	USD 3,55,500

CONSOLIDATED FINANCIAL STATEMENTS

INDEPENDENT AUDITOR’S REPORT

TO THE MEMBERS OF NETWORK18 MEDIA & INVESTMENTS LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Network18 Media & Investments Limited (“the Parent”) and its subsidiaries, (the Parent and its subsidiaries together referred to as “the Group”) which includes the Group’s share of profit/ loss in its associates and joint ventures, which comprise the Consolidated Balance Sheet as at March 31, 2019, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate/ consolidated financial statements/ financial information of the subsidiaries, associates and joint ventures referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended (‘Ind AS’), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2019, and their consolidated loss, their consolidated total comprehensive loss, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143 (10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor’s Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the sub-paragraph (a) of the Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor’s Response
1	<p>Carrying values of investments in unlisted associates</p> <p>Investments in unlisted associates are accounted on the basis of equity method.</p> <p>Investments are tested for impairment if impairment indicators exist. If such indicators exist, the recoverable amounts of the investments in associates are estimated in order to determine the extent of the impairment loss, if any. Any such impairment loss is recognised in the Statement of Profit and Loss.</p>	<p>Principal audit procedures performed:</p> <p>Our audit procedures included a combination of testing the design, implementation and operating effectiveness in respect of management’s assessment of existence of indicators of impairment and where applicable determination of recoverable amounts to measure the impairment provision that needs to be accounted for.</p>

Sr. No.	Key Audit Matter	Auditor's Response
	<p>Management judgement is required in the area of impairment testing, particularly in assessing: (1) whether an event has occurred that may indicate that the related asset values may not be recoverable; (2) whether the carrying value of an asset can be supported by the recoverable amount, being the higher of fair value less costs to sell and value in use; considering recent transaction, independent valuer's report, the appropriate key assumptions to be applied in valuation including appropriate discounting rate. Any change in the basis or assumptions could materially affect the recoverable amount used in the impairment test with a consequent impact on the financial statements of the Group.</p> <p>In view of the foregoing, valuation and allocation of investments in certain unlisted associates have been identified as a Key Audit Matter. As at March 31, 2019, carrying values of such investments aggregates ₹ 41,416 lakhs.</p> <p>Refer Notes 2.2 and 3(e) to the financial statements.</p>	<p>Our substantive testing procedures included evaluation of appropriateness of management's assumption whether any indicators of impairment existed by reviewing financial and other available information/ data, if any, of the unlisted associates as at March 31, 2019.</p> <p>For those investments where indicators of impairment existed, we have examined management's judgment in the area of impairment testing by considering and evaluating recent transaction, independent valuer's report, the reasonableness of key assumptions including discounting rate applied. We evaluated appropriateness of management's impairment assessment by involving our valuation specialists.</p> <p>This matter has been identified as KAM by the component auditors also. Component auditors have reported to us that they have performed these procedures.</p>
2	<p>Carrying value of goodwill</p> <p>In accordance with Ind AS, goodwill needs to be tested for impairment at every reporting period. Recoverability of the carrying value of goodwill is predicated upon appropriate attribution of goodwill to a cash generating unit or group of cash generating units (CGU) and determination of recoverable amount of the underlying CGUs.</p> <p>Management judgement is required in the area of impairment testing, particularly in assessing whether the carrying value of the CGU including the goodwill can be supported by the recoverable amount, being the higher of fair value less costs to sell and value in use; considering recent transaction, independent valuer's report, the appropriate key assumptions to be applied in valuation including appropriate discounting rate. Any change in the basis or assumptions could materially affect the recoverable amount used in the impairment test with a consequent impact on the financial statements of the Group.</p> <p>In view of the foregoing, valuation and allocation of goodwill have been identified as a Key Audit Matter. As at March 31, 2019, carrying values of goodwill is ₹ 2,51,934 lakhs.</p> <p>Refer Notes 2.3(d) and 3(d) to the financial statements.</p>	<p>Principal audit procedures performed:</p> <p>Our audit procedures included a combination of testing the design, implementation and operating effectiveness in respect of management's basis for allocation of goodwill to CGUs and determination of recoverable amounts to measure the impairment provision, if any, that needs to be accounted for.</p> <p>As part of our substantive testing procedures, we have examined management's judgment in the area of impairment testing by considering and evaluating recent transaction, independent valuer's report, the reasonableness of key assumptions including discounting rate applied. We evaluated appropriateness of management's impairment assessment by involving valuation specialists.</p> <p>This matter has been identified as KAM by the component auditors also. Component auditors have reported to us that they have performed these procedures.</p>

Sr. No.	Key Audit Matter	Auditor's Response
3	<p>Deferred tax & tax credits - valuation</p> <p>As per Ind AS 12 – Income taxes, deferred tax is to be recognised for all deductible temporary differences between the tax bases of assets and liabilities and their carrying amount, the carry forward of unused tax credits and any unused tax losses.</p> <p>As at March 31, 2019, the group has recognised deferred tax asset of ₹ 4,970 lakhs to the extent it is reasonably certain that sufficient taxable profits will be available in the future against which such deferred tax asset can be utilised. Significant judgements and estimates are involved in making this assessment.</p> <p>Accordingly, the same is considered as a key audit matter.</p> <p>Refer Notes 2.3(k) and 3(g) to the financial statements.</p>	<p>Principal audit procedures performed:</p> <p>We obtained management's evaluation of recognition of deferred tax asset and the assumptions made in relation to likelihood of generating sufficient future taxable profits.</p> <p>We independently evaluated the assumptions by assessing the historical accuracy of management's assumptions.</p> <p>We discussed the basis of profit assumptions with management and reviewed underlying evidences where available.</p> <p>Reviewed the profit forecasts along with the Group's tax position, the timing of forecast taxable profits and our knowledge and experience of the application of relevant tax legislation to validate recoverability assumptions.</p> <p>We also assessed the adequacy of the disclosures made in the financial statements.</p> <p>This matter has been identified as KAM by the component auditors. Component auditors have reported to us that they have performed these procedures.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

- The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report and Corporate Governance Report, but does not include the consolidated financial statements and our auditor's report thereon.
- Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiaries, joint ventures and associates audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries, joint ventures and associates, is traced from their financial statements audited by the other auditors.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group including its associates and joint ventures in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associates and its joint ventures and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether

due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for assessing the ability of the Group and of its associates and joint ventures to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate or cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are also responsible for overseeing the financial reporting process of the Group and of its associates and joint ventures.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent and its subsidiary companies which are companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and joint ventures to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates and joint ventures to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of entities or business activities included in the consolidated financial statements of which we are the independent auditors. For the other entities or business activities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

(a) We did not audit the financial statements/ financial information of ten subsidiaries, whose financial statements/financial information, before giving effect to the consolidation adjustments, reflect total assets of ₹ 4,35,724 lakhs as at March 31, 2019, total revenues of ₹ 1,35,683 lakhs and net cash outflows amounting to ₹ 112 lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net loss of ₹ 5,432 lakhs for the year ended March 31, 2019, as considered in the consolidated financial statements, in respect of two joint ventures, four associates and fourteen subsidiaries of associates, whose financial statements/ financial information have not been audited by us. These financial statements/ financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, joint ventures and associates, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, joint ventures and associates is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of this matter with respect to our reliance on the work done and the reports of other auditors.

(b) Pursuant to the Scheme of Merger by Absorption ("the Scheme") for the merger of the Company's direct/ indirect wholly owned subsidiaries and direct/ indirect wholly owned subsidiaries of TV18 Broadcast Limited (a subsidiary of the Company) as stated in Note 45 to the consolidated financial statements into the Company and TV18 Broadcast Limited respectively, consequential effects have been given in the financial statements.

Our opinion on the consolidated financial statements above is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate/ consolidated financial statements/ financial information of the subsidiaries, associates and joint ventures referred to in the Other Matters section above we report, to the extent applicable that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.

- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Parent as on March 31, 2019 taken on record by the Board of Directors of the Company and the reports of the statutory auditors of its subsidiary companies, associate companies and joint venture companies incorporated in India, none of the directors of the Group companies, its associate companies and joint venture companies incorporated in India is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Parent, subsidiary companies, associate companies and joint venture companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Parent to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group, its associates and joint ventures;
 - ii) Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Parent and its subsidiary companies, associate companies and joint venture companies incorporated in India.

ANNEXURE “A”

TO THE INDEPENDENT AUDITOR’S REPORT TO THE MEMBERS OF NETWORK 18 MEDIA & INVESTMENTS LIMITED

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2019, we have audited the internal financial controls over financial reporting of Network18 Media & Investments Limited (hereinafter referred to as Parent) and its subsidiary companies, which includes internal financial controls over financial reporting of its subsidiary companies, its associate companies and joint venture companies, which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent, its subsidiary companies, its associate companies and joint venture companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent, its subsidiary companies, its associate companies and its joint venture companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing,

prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies, associate companies and joint venture companies, which are companies incorporated in India, in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent, its subsidiary companies, its associate companies and its joint venture companies, which are companies incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with

generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matter paragraph below, the Parent, its subsidiary companies, its associate companies and joint venture companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such

internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to four subsidiary companies, three associate companies, three subsidiaries of an associate and a joint venture company, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of the above matter.

2 Significant Accounting Policies

2.1 Basis of Preparation and Presentation

The consolidated financial statements have been prepared on the historical cost basis except for certain financial assets and liabilities and defined benefit plans - plan assets which have been measured at fair value.

The financial statements of the Group have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013.

Group's financial statements are presented in Indian Rupees (₹), which is its functional currency and all values are rounded to the nearest lakh (₹ 00,000), except when otherwise indicated.

2.2 Principles of Consolidation

The consolidated financial statements relate to the Company and its subsidiary companies, associates and joint ventures. The consolidated financial statements have been prepared on the following basis.

- The financial statements of the Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, income, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.
- Profits or losses resulting from intra-group transactions that are recognised in assets, such as inventory and property, plant & equipment, are eliminated in full.
- In case of foreign subsidiaries, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in the Foreign Currency Translation Reserve (FCTR).
- Goodwill represents the difference between the Company's share in the net worth of subsidiaries and the cost of acquisition at each point of time of making the investment in the subsidiaries.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2019

- e The carrying amount of the parent's investments in each subsidiary is offset (eliminated) against the parent's portion of equity in each subsidiary.
- f The difference between the proceeds from disposal of investment in subsidiaries and the carrying amount of its assets less liabilities as on the date of disposal is recognised in the Consolidated Statement of Profit and Loss being the profit or loss on disposal of investment in subsidiary.
- g Non Controlling Interest's share of profit/ loss of consolidated subsidiaries for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to shareholders of the Company.
- h Non Controlling Interest's share of net assets of consolidated subsidiaries is identified and presented in the Consolidated Balance Sheet.
- i Investment in Associates and Joint Ventures has been accounted under the equity method as per Ind AS 28 - Investments in Associates and Joint Ventures.
- j The Group accounts for its share of post acquisition changes in net assets of associates and joint ventures, after eliminating unrealised profits and losses resulting from transactions between the companies within the Group and its associates to the extent of its share, through its Consolidated Statement of Profit and Loss, to the extent such change is attributable to the associates' Statement of Profit and Loss and through its reserves for the balance based on available information.

2.3 Summary of Significant Accounting Policies

(a) Current and Non-Current Classification:

The Group presents assets and liabilities in the Balance Sheet based on Current/ Non-Current classification.

An asset is treated as current when it is –

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or

- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(b) Property, plant and equipment:

Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Projects under which assets are not ready for their intended use are shown as Capital Work -in-Progress.

Depreciation on property, plant and equipment is provided using straight-line method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013, except for certain assets where useful life is considered based on internal technical evaluation. Leasehold improvements are depreciated over the period of lease agreement or the useful life whichever is shorter.

The residual values, useful lives and methods of depreciation of property, plant and equipment are

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2019

reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Consolidated Statement of Profit and Loss when the asset is derecognised.

(c) Leases:

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Leased assets

Assets held under finance leases are initially recognised as assets of the Group at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the Balance Sheet as a finance lease obligation.

Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately in the Consolidated Statement of Profit and Loss, unless they are directly attributable to qualifying assets, in which case they are capitalized.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognised as an expense in the Consolidated Statement of Profit and Loss on a straight-line basis over the lease term. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Group's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

(d) Goodwill and Other Intangible assets:

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any. Goodwill is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

Other Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortisation/ depletion and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the items will flow to the entity and cost can be measured reliably.

Gains or losses arising from derecognition of an other intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in Consolidated Statement of Profit and Loss when the asset is derecognised.

Computer Software, Electronic Programming Guide Slot, Brand/ Trademarks, Website costs and License pertaining to satellite rights are being amortised over its estimated useful life of 2 to 5 years. News Archives is being depreciated over a period of 21 years as the contents of the same are continuously used in day to day programming and hence the economic benefits from the same arise for a period longer than 20 years. Film telecast rights are amortised over a period of 10 years.

Intangible assets under development: Expenditure on programming costs eligible for capitalisation are carried as Intangible assets under development where such assets are not yet ready for their intended use.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2019

(e) Borrowing Cost

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

All other borrowing costs are charged to the Consolidated Statement of Profit and Loss in the period in which they are incurred.

(f) Inventories

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, cost of conversion and other costs net of recoverable taxes incurred in bringing them to their respective present location and condition.

The Group evaluates the realizable value and/ or revenue potential of inventory based on the type of programming assets. Cost of shows, events and films are expensed off based on the expected pattern of realisation of economic benefits. Acquired rights of shows and music rights are amortised evenly over the license period. The Group evaluates the realizable value and/ or revenue potential of inventory on an ongoing basis and appropriate write down is made in cases where accelerated write down is warranted.

Cost of raw materials, stores and spares, packing materials, trading and other products are determined on weighted average basis.

(g) Cash and Cash Equivalents

Cash and cash equivalents comprise of cash on hand and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(h) Impairment of non-financial assets

The Group assesses at each reporting date as to whether there is any indication that any property, plant and equipment and other intangible assets or group of Assets, called Cash Generating Units ('CGU') may be

impaired. If any such indication exists the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the CGU to which the asset belongs.

Goodwill is allocated to each of the CGUs (or groups of CGUs) for the purposes of impairment testing. A CGU to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata based on the carrying amount of each asset in the unit.

An impairment loss is recognized in the Consolidated Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use, considering recent transactions, independent valuer's report. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss recognised in prior accounting period is reversed, other than goodwill, if there has been a change in the estimate of recoverable amount.

(i) Provisions and Contingencies

Provisions are recognised when the Group has a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2019

Contingent liabilities are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognised nor disclosed in the financial statements.

(j) Employee Benefits

(i) Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

(ii) Long Term Employee Benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability as at the Balance Sheet date on the basis of actuarial valuation as per the Projected Unit Credit Method.

(iii) Post-employment Benefits

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which the Group pays specified contributions towards Provident Fund, Employee State Insurance and Pension Scheme. The Group's contribution is recognised as an expense in the Consolidated Statement of Profit and Loss during the period in which the employee renders the related service.

Defined benefit plans

The Group pays gratuity to the employees who have completed five years of service with the Group at the time of resignation/ superannuation. The gratuity is paid @ 15 days salary for every completed year of service as per the Payment of Gratuity Act.

The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurement of defined benefit plans in respect of post-employment and other long term benefits are charged to the Other Comprehensive Income.

(k) Tax Expenses

The tax expense for the period comprises of current tax and deferred income tax. Tax is recognised in Consolidated Statement of Profit and loss, except to the extent that it relates to items recognised in the other comprehensive income or in equity. In which case, the tax is also recognised in other comprehensive income or equity.

i Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted at the Balance Sheet date.

ii Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred income tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of Deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax assets to be utilised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2019

by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

(l) Share based payments

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share based payments is expensed on a straight line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in Consolidated Statement of Profit and Loss such that the cumulative expenses reflects the revised estimate, with a corresponding adjustment to the Share Based Payments Reserve.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

(m) Foreign Currencies Transactions and Translation

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency's closing rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in Consolidated Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary

items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item.

(n) Revenue Recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services.

Revenue from contracts with customers includes sale of goods and services. Revenue from rendering of services includes advertisement revenue, subscription revenue, revenue from sale of television content, facility and equipment rental, program revenue, revenue from sponsorship of events and revenue from media related professional and consultancy services. Revenue from rendering of services is recognised over time where the Group satisfies the performance obligation over time or point in time where the Group satisfies the performance obligation at a point in time.

Generally, control is transferred upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Group has not retained any significant risks of ownership or future obligations with respect to the goods shipped.

Revenue is measured at the amount of consideration which the Group expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, net of returns and allowances, trade discounts and volume rebates and excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and the receivable is recognized when it becomes unconditional.

Contract balances

Trade receivables represents the Group's right to an amount of consideration that is unconditional. Revenues in excess of invoicing are considered as

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2019

contract assets and disclosed as unbilled revenue. Invoicing in excess of revenues are considered as contract liabilities and disclosed as unearned revenues. When a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised and disclosed as advances from customers.

Interest Income

Interest Income from a financial asset is recognised using effective interest rate method.

Dividend income

Dividend income is recognised when the Group's right to receive the amount has been established.

(o) Financial Instruments

(i) Financial Assets

A. Initial recognition and measurement:

All financial assets and liabilities are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition of financial assets, which are not accounted at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

B. Subsequent measurement:

a) Financial assets measured at amortised cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The effective interest rate amortisation is included in other income in the Consolidated Statement of Profit and Loss.

b) Financial assets measured at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by

both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Financial assets measured at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at fair value through profit or loss.

C. Investment in joint ventures and associates

The Group accounts for its investments in joint ventures and associates at equity method.

D. Other Equity Investments:

All other equity investments are measured at fair value, with value changes recognised in Consolidated Statement of Profit and Loss, except for those equity investments for which the Group has elected to present the value changes in 'Other Comprehensive Income'.

E. Impairment of financial assets

In accordance with Ind AS 109, the Group uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- a) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- b) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For trade receivables the Group applies a 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. Further, the Group uses historical default rates to determine impairment loss on the

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2019

portfolio of the trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Group uses 12 months ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

(ii) Financial liabilities

a. Initial recognition and measurement:

All financial liabilities are recognized initially at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in Consolidated Statement of Profit and Loss as finance cost.

b. Subsequent measurement:

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(iii) Derivative Financial Instruments and Hedge Accounting

The Group uses derivative financial instruments as forwards, currency swaps and options to mitigate the risk of changes in exchange rates. Such derivative financial instrument are initially recognised at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value. Derivatives are carried as Financial Assets when the fair value is positive and as Financial Liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Consolidated Statement of Profit and Loss.

(iv) Derecognition of financial instruments

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109.

A financial liability (or a part of a financial liability) is derecognized from the Group's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

(v) Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Group has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(p) Earnings per share

Basic earnings per share is calculated by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year adjusted for bonus element in equity share. Diluted earnings per share adjusts the figures used in determination of basic earnings per share to take into account the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period unless issued at a later date.

3 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY:

The preparation of the Group's financial statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

a) Depreciation/ amortisation and useful lives of Property, Plant and Equipment and Other Intangible Assets:

Property, plant and equipment/ Other Intangible assets are depreciated/ amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation/ amortisation to be recorded during any reporting period. The

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2019

useful lives and residual values are based on the Group's historical experience with similar assets and take into account anticipated technological changes. The depreciation/ amortisation for future periods is adjusted if there are significant changes from previous estimates.

b) Recoverability of trade receivables:

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

c) Provisions:

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and adjusted to take account of changing facts and circumstances.

d) Impairment of non-financial assets:

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. Goodwill is allocated to cash generating units ('CGU') for the purposes of impairment testing. A CGU to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use; considering recent transaction, independent valuer's report. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a group of assets. Where the carrying

amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows covering generally a period of five years are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Estimated future cash flows involve judgement and estimates relating to revenue growth rates, net profit margin and perpetual growth rates. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used. Based on the impairment assessment as aforesaid, there is no impairment.

e) Impairment of financial assets:

The impairment provisions for financial assets depending on their classification are based on assumptions about risk of default, expected cash loss rates, discounting rates applied to these forecasted future cash flows, recent transactions and independent valuer's report. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

f) Defined benefit plans:

The employment benefit obligations depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost/ income include the discount rate, inflation and mortality assumptions. Any changes in these assumptions will impact upon the carrying amount of employment benefit obligations.

g) Deferred tax:

Deferred income tax assets are reassessed at each reporting period and are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused

tax losses can be utilised. The Group uses judgement to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits and business developments.

h) Fair value measurement:

For estimates relating to fair value of financial instruments refer note 40 of consolidated financial statements.

4 STANDARDS ISSUED

a) Effective during the year:

The impact on account of applying Ind AS 115 "Revenue from contracts with customers" applicable from 1st April, 2018, on the financial statements of the Group for the year ended and as at 31st March, 2019 is insignificant.

b) Not effective during the year:

On March 30, 2019, the Ministry of Corporate Affairs (MCA) has notified Ind AS 116 – Leases and certain amendment to existing Ind AS. These amendments shall be applicable to the Group from April 01, 2019.

i. Issue of Ind AS 116 - Leases

Ind AS 116 will supersede the current standard on leases i.e. Ind AS 17- Leases. As per Ind AS 116, the lessee will record in its financial statements all the non-cancellable portion of leasing arrangement.

ii. Amendment to Existing Standard

The MCA has also carried out amendments of the following accounting standards. These are:

- a Ind AS 12 - Income Taxes
- b Ind AS 19 - Employee Benefits
- c Ind AS 23 - Borrowing Costs
- d Ind AS 28 - Investment in Associates and Joint Ventures
- e Ind AS 101- First time adoption of Indian Accounting Standards
- f Ind AS 103 - Business Combinations
- g Ind AS 109 - Financial Instruments
- h Ind AS 111 - Joint Arrangements

Application of above standards is not expected to have any significant impact on the Group's consolidated financial statements.

IALM - Indian Assured Lives Mortality 2006-2008

The discount rate is based on the prevailing market yields of the Government of India Bonds as at the Balance Sheet date for the estimated term of the obligations.

The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.

The expected rate of return on plan assets is determined considering several applicable factors, mainly the composition of Plan assets held, assessed risks, historical results of return on plan assets and the Group's policy for plan assets management.

vii) The expected contributions for Defined Benefit Plan for the next financial year will be in line with financial year 2018-19.

viii) Sensitivity Analysis

Significant Actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and employee turnover. The sensitivity analysis below, have been determined based on reasonable possible change of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The result of Sensitivity Analysis is given below:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2019

These plans typically expose the Group to actuarial risks such as: investment risk, interest risk, longevity risk and salary risk.

Investment risk

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds; if the return on plan asset is below this rate, it will create a plan deficit.

Interest risk

A decrease in the discount rate will increase the plan liability.

Longevity risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Note 39 | **Capital and Financial Risk Management**

39.1 Capital Management

The Group manages its capital to ensure that it will continue as going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance. The Group monitors Capital using a gearing ratio. The financial covenants relating to debt have been adhered to.

The capital structure of the Group consists of debt, cash and cash equivalent and equity attributable to owners:

The Net gearing ratio at end of the reporting period was as follows:

Particulars	₹ in lakh	
	As at 31st March, 2019	As at 31st March, 2018
Gross debt	3,04,535	2,20,334
Less: Cash and cash equivalent	18,556	18,853
Net debt (A)	2,85,979	2,01,481
Equity attributable to owners of the Group (B)	81,081	1,13,320
Net gearing ratio (A)/(B)	3.53	1.78

39.2 Financial Risk Management

The Group's activities exposes it mainly to credit risk, liquidity risk and market risk. The treasury team identifies and evaluates financial risk in close coordination with the Group's business teams.

(a) Credit risk

Credit risk is the risk that customers or counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities which is primarily trade receivables.

Customers credit risk is managed by each business team subject to the Group's established policy, procedures and control relating to customers credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customers receivables are regularly monitored.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2019

An impairment analysis is performed at each reporting date for major customers. Receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Group evaluates the concentration of risk with respect to receivables as low.

(b) Liquidity Risk

Liquidity risk arises from the Group's inability to meet its cash flow commitments on the due date. The Group maintains sufficient stock of cash, marketable securities and committed credit facilities. The Group accesses local financial markets to meet its liquidity requirements. It uses a range of products to ensure efficient funding from across well-diversified markets and investor pools. Treasury monitors rolling forecasts of the Group's cash flow position and ensures that the Group is able to meet its financial obligation at all times including contingencies.

The Group's liquidity is managed by forecasting the cash and liquidity requirements. Treasury arranges to either fund the net deficit or invest the net surplus in the market.

(c) Market risk

(i) Foreign exchange exposure/ currency risk

Foreign Currency Risk is the risk that the Fair Value or Future Cash Flow of an exposure will fluctuate because of changes in foreign currency rates. Exposure can arise on account of various assets and liabilities which are denominated in currencies other than functional currency.

The Group's foreign currency exposure not hedged by a derivative instrument or otherwise as at year end is as follows:

Particulars	₹ in lakh	
	As at 31st March, 2019	As at 31st March, 2018

IDR	16	14
MYR	14	-
Derivatives - Forwards		
USD	246	-

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2019

Sensitivity analysis:

1% appreciation/ depreciation of the respective foreign currencies with respect to the functional currency of the Group would result in an increase/ decrease in Group's profit before tax by ₹ 101 lakh for the year ended 31st March, 2019 and by ₹ 113 lakh for the year ended 31st March, 2018.

(ii) Interest Rate Risk

The Group's exposure to the risk of changes in market interest rate relates to the floating rate debt obligations.

The Group's borrowings at the end of the financial year are as follows:

Particulars	₹ in lakh	
	As at 31st March, 2019	As at 31st March, 2018
Borrowings		
Non Current - (including current maturities)	25,544	820
Current	278,991	219,514
Total	304,535	220,334

Sensitivity analysis:

1% appreciation/ depreciation in the interest rate on floating rate borrowing included above would result in a increase/ decrease in the Group's loss before tax by ₹ 613 lakh for the year ended 31st March 2019 and by ₹ 617 lakh for the year ended 31st March 2018.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2019

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consist of the following three levels:

Level 1: Inputs are Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs are other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly.

Level 3: Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumption that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Valuation Methodology

All financial instruments are initially recognised and subsequently re-measured at fair value as described below:

- The fair value of investment in quoted Equity Shares and Mutual Funds is measured at quoted price or Net Assets Value (NAV).
- The fair value of the remaining financial instruments is determined based on information about market participants, assumptions and other data that are available including using discounted cash flow analysis.

Note 41 | Derivative contracts

Changes in the fair value of forward contracts that economically hedge monetary liabilities in foreign currencies, and for which no hedge accounting is applied, are recognised in the Consolidated Statement of Profit and Loss. The changes in fair value of the forward contracts, as well as the foreign exchange gains and losses relating to the monetary items, are recognised in the Consolidated Statement of Profit and Loss.

Following table details the derivative contracts outstanding at the end of the year:

Particulars	Sell currency	Buy Currency	Nominal value of contract

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2019

Note 43 | Segment Reporting

- a) The Group operates in a single reportable operating segment 'Media Operations'. Hence there are no separate reportable segments as per Ind AS 108 'Operating Segments'. Since the Group's operations are primarily in India, it has determined single geographical segment.
- b) No single customer represents 10% or more of the Group's total revenue.

Note 44 TV18 Home Shopping Network Limited ("HomeShop18") was a subsidiary of the Group, held directly/ indirectly through its subsidiary NW18 HSN Holdings Plc. ("HSN Plc").

During the previous year, the Company, other shareholders of HSN Plc and shareholders of Shop CJ Network Private Limited ("Shop CJ") entered into agreement, subject to various preconditions, inter alia, to combine the business of HomeShop18 and Shop CJ and to infuse further capital. Upon consummation of the transaction and issuance of shares in HomeShop 18 to shareholders of Shop CJ, it became a subsidiary of HomeShop 18 with it ceasing to be a subsidiary of the Group with effect from 15th February, 2018. Consequently, the Group de-consolidated HomeShop 18 and has accounted for its investments in HomeShop 18 and Shop CJ using equity method.

This combination makes HomeShop18 the largest TV home-shopping network in India. The resultant benefits of scale shall better the growth prospects for the combined entity, allowing it to improve its standing in the TV home-shopping landscape and compete better with the challenge from e-commerce companies.

Note 45 The National Company Law Tribunal, Mumbai Bench, has approved the Scheme of Merger by Absorption ("the Scheme") for the merger of direct/ indirect wholly owned subsidiaries of Network18 Media & Investments Limited ("the Company"), namely, Digital18 Media Limited, Capital18 Fincap Private Limited, RVT Finhold Private Limited, RRB Finhold Private Limited, RRB Investments Private Limited, Setpro18 Distribution Limited, Reed Infomedia India Private Limited, Web18 Software Services Limited, Television Eighteen Media and Investments Limited, Television Eighteen Mauritius Limited, Web18 Holdings Limited, E-18 Limited and Network18 Holdings Limited into the Company with appointed date as 1st April, 2016. The Scheme has become effective on 1st November, 2018.

The National Company Law Tribunal, Mumbai Bench, has also approved the Scheme of Merger by Absorption ("the Scheme") for the merger of direct/ indirect wholly owned subsidiaries of TV18 Broadcast Limited (TV18), namely, Equator Trading Enterprises Private Limited, Panorama Television Private Limited, RVT Media Private Limited and ibn18 (Mauritius) Limited into TV18 (a subsidiary of the Company) with appointed date as 1st April, 2016. The Scheme has become effective on 1st November, 2018.

Note 46 Consequent to Viacom18 Media Private Limited and IndiaCast Media Distribution Private Limited becoming subsidiaries with effect from 1st March 2018 and TV18 Home Shopping Network Limited and NW18 HSN Holdings Plc ceasing to be subsidiaries and becoming associates with effect from 15th February 2018, the figures for the current year are not comparable with those of the previous year.

Note 47 The financial statements were approved for issue by the Board of Directors on 15th April, 2019.

STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013 ("THE ACT")

The following Statement sets out all material facts relating to the Special Business mentioned in the Notice:

Item No.3

Based on the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company, pursuant to the provisions of Section 161(1) of the Act and the Articles of Association of the Company, appointed Ms. Renuka Ramnath (DIN: 00147182) as an Additional Director (Independent) on the Board of the Company for a term of 5 (five) consecutive years w.e.f. April 1, 2019. She holds the office as an additional director up to the date of this Annual General Meeting.

In accordance with the provisions of Section 149 read with Schedule IV to the Act, appointment of an Independent Director requires approval of Members of the Company.

The Company has received a notice in writing from member(s) under Section 160 of the Act proposing the candidature of Ms. Renuka Ramnath for the office of Director of the Company. Ms. Renuka Ramnath is not disqualified from being appointed as a Director in terms of Section 164 of the Act and has given her consent to act as a Director.

The Company has also received declaration from Ms. Renuka Ramnath that she meets the criteria of independence as prescribed under sub-section (6) of Section 149 of the Act and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations').

In the opinion of the Board, Ms. Renuka Ramnath fulfills the conditions for appointment as an Independent Director as specified in the Act and Listing Regulations. Ms. Renuka Ramnath is independent of the management and possesses appropriate skills, experience and knowledge.

Details of Ms. Renuka Ramnath, as required to be disclosed under the provisions of the Listing Regulations and Secretarial Standard-2 ("SS-2") issued by the Institute of Company Secretaries of India, are provided in the "**Annexure**" to the Notice.

Copy of the letter of appointment of Ms. Renuka Ramnath setting out the terms and conditions of appointment is available for inspection by the members at the registered office of the Company.

Save and except Ms. Renuka Ramnath and her relatives, none of the other Directors/Key Managerial Personnel of the Company/their relatives is, concerned or interested, financially or otherwise, in the resolution set out at Item No. 3 of the Notice.

The Board commends the Ordinary Resolution set out at Item No. 3 of the Notice for approval by the members.

Item No. 4 and 5

Mr. Dhruv Subodh Kaji and Mr. Rajiv Krishan Luthra were appointed as Independent Directors of the Company for a term of 5 (five) years and they hold office as Independent Directors up to November 26, 2019.

The Nomination and Remuneration Committee of the Board of Directors, on the basis of report of performance evaluation, has recommended re-appointment of Mr. Dhruv Subodh Kaji and Mr. Rajiv Krishan Luthra as Independent Directors for a second term of 5 (five) consecutive years, on the Board of the Company.

Mr. Dhruv Subodh Kaji and Mr. Rajiv Krishan Luthra are not disqualified from being appointed as Directors in terms of Section 164 of the Act and have given their consent to act as Directors. Further, the Company has received declarations from both of them that they meet the criteria of independence as prescribed both under sub-section (6) of Section 149 of the Act and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations").

The Board, based on performance evaluation and as per the recommendation of the Nomination and Remuneration Committee, considers that, given their background and experience and contributions made by them during their tenure, the continued association of Mr. Dhruv Subodh Kaji and Mr. Rajiv Krishan Luthra would be beneficial to the Company and it is desirable to continue to avail their services as Independent Directors. In the opinion of the Board, Mr. Dhruv Subodh Kaji and Mr. Rajiv Krishan Luthra fulfill the conditions for their appointment as Independent Directors as specified in the Act and the Listing Regulations. Mr. Dhruv Subodh Kaji and Mr. Rajiv Krishan Luthra are independent of the management. Accordingly, it is proposed to re-appoint Mr. Dhruv Subodh Kaji and Mr. Rajiv Krishan Luthra as Independent Directors of the Company, not liable to retire by rotation, for a second term of 5 (five) consecutive years on the Board of the Company.

Details of Mr. Dhruv Subodh Kaji and Mr. Rajiv Krishan Luthra, as stipulated under Listing Regulations and Secretarial Standard-2 ("SS-2") issued by the Institute of Company Secretaries of India, are provided in the "**Annexure**" to the Notice.

Copy of the draft letters of appointment of Mr. Dhruv Subodh Kaji and Mr. Rajiv Krishan Luthra as Independent Directors setting out the terms and conditions of appointment are available for inspection by members at the registered office of the Company.

Mr. Dhruv Subodh Kaji and Mr. Rajiv Krishan Luthra are interested in the resolutions set out respectively at Item Nos. 4 and 5 of the Notice with regard to their respective re-appointments. The relatives of Mr. Dhruv Subodh Kaji and Mr. Rajiv Krishan Luthra may be deemed to be interested in respective resolutions, to the extent of their shareholding interest, if any, in the Company.

Save and except the above, none of the other Directors/Key Managerial Personnel of the Company/their relatives are, in any way, concerned or interested, financially or otherwise, in the resolutions set out at Item Nos. 4 and 5 of the Notice.

This Statement may also be regarded as an appropriate disclosure under the Act and Listing Regulations.

The Board commends the Special Resolutions set out at Item Nos. 4 and 5 of the Notice for approval by the members.

Item No.6

The Board, on the recommendation of the Audit Committee, has approved the appointment and remuneration of M/s Pramod Chauhan & Associates, Cost Accountants, as Cost Auditors to conduct the audit of the cost records of the Company for the financial year ending March 31, 2020 as set out in the resolution.

In accordance with the provisions of Section 148 of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors as recommended by the Audit Committee and approved by the Board, has to be ratified by the members of the Company.

Accordingly, ratification by the members is sought for the remuneration payable to the Cost Auditors for the financial year ending March 31, 2020 by passing an Ordinary Resolution as set out at Item No. 6 of the Notice.

None of the Directors/Key Managerial Personnel of the Company/their relatives are, concerned or interested, financially or otherwise, in the resolution set out at Item No. 6 of the Notice.

The Board commends the Ordinary Resolution set out at Item No. 6 of the Notice for approval by the members.
